To whom it my concern,

I, Kevin Thomas Business Representative of SMART Local 66, would like to officially submit my application for consideration to be seated as a member of the Project Review Committee for the Construction Trades position.

As a 25-year union sheet metal worker, I gained a lot of experience in the construction design-build process. As a business representative of SMART Local 66, I am obligated with upholding contractors to reasonable and fair standards. This has given me an opportunity to learn contracting procedures and encourage participation of disadvantaged business owners. I currently serve as the Vice-President of the Olympic Peninsula Building Trades Union Council giving me an opportunity to work with other crafts upholding contracting standards of the respective area. This has also given me the opportunity to learn parliamentary procedures and Roberts-Rules-of -Order.

Thank you for your consideration

Kevin Thomas

Business Representative SMART Local 66
