

**CPARB's Project Review Committee
Applicant Information May 2015**

Name	Title	Company or Agency Name, City	City	Short Paragraph that highlights skills, background or special knowledge for this type of committee
(1) Owner - Cities				
Joe Stowell, P.E.	City Engineer	City of Oak Harbor	Oak Harbor	Joe has been the City Engineer for the Oak Harbor for 3 of 5 years he has worked with the city. One of his first tasks as City Engineer was to determine the best delivery method for a new Clean Water Facility. He worked with the consultant, Carollo Engineers, to evaluate the different delivery methods and determined that GC/CM would provide the greatest benefits to said project. He has been directly involved in creating the team that sought approval from the PRC to use GC/CM. He was ultimately responsible for the process used to select a GC/CM contractor, Hoffman Construction. They are currently on the 5 th contract amendment. The amendments include two equipment procurement packages, two site packages and a new wastewater effluent outfall. One of the site packages is, to his knowledge, the first heavy civil GC/CM contract issued in Washington State.
Ahmad S Qayoumi, MS, PE	Public Works Director	City of Pasco	Pasco	Ahmad has public sector experience in five different cities over last 25 years with expertise in Public Works, Transportation, City Planning and Capital Improvement Management. He currently oversees all aspects of Pasco's Public Works Department with regards to Engineering, with \$10-\$35M annual capital improvements. In Vancouver Ahmad managed all development applications with regards to transportation, traffic and concurrency engineering.
