**Re: Public Body Design Build (DB) Certification Determination**

Dear Mr. Kingsolver:

The Capital Projects Advisory Review Board's Project Review Committee has determined that City of Tacoma has met the criteria established in RCW 39.10 for public body DB certification. As of **July 23, 2015 the City of Tacoma** is authorized to utilize DB contracting procedures for projects with a total project cost of ten million dollars or more for a period of three years.

The City of Tacoma certification is approved through **July 2018**. A re-certification application will need to be submitted to the Project Review Committee at least three months prior to the above noted expiration date.

Under the terms of the law you will be required to submit project data to CPARB during any DB project undertaken with this certification. Please identify your point of contact for supplying required project data information to CPARB staff person, Danelle Bessett, at [Danelle.bessett@des.wa.gov](mailto:Danelle.bessett@des.wa.gov)

Congratulations on the approval of your application.

Please contact Bill Frare at 360.407.8239 if you have any questions regarding this process.

Sincerely,

Curt Gimmestad, Chair  
Project Review Committee
