

Application for Port seat on the Project Review Committee

Kyle Dilbert – Senior Manager, Construction Contracting

Port of Seattle 17900 International Blvd – SeaTac WA, 98118 · 206-787-6353 · Dilbert.k@portseattle.org

April 29, 2019

PRC – ATTN: Talia Baker

PRC Board,

I have been lucky enough in my extensive public-sector career to manage numerous large complex alternative public works. My career spans many public agencies at the Federal and State level as a high-level procurement official. This includes time as the Engineering Contracts Manager at the Colorado Department of Transportation (CDOT), and my current position as Senior Manager of Construction Contracting at the Port of Seattle. My time at CDOT specially focused on public works project delivery (Design/Construction) with a heavy focus on Alternative public works. My department was responsible for managing the entire procurement process and contract administration on numerous large public works with a good mix of CM/GC and Design-build. Some examples of projects that my team managed include US 34 Big Thompson Canyon (CM/GC), I-25 South Gap (CM/GC), and I-25 North (Design -Build). It would be my pleasure to use this experience as a member of project review committee. Thank you.
