Seattle, Washington 98195-2205

Re: Design-Build Certification - Expiration Date Correction

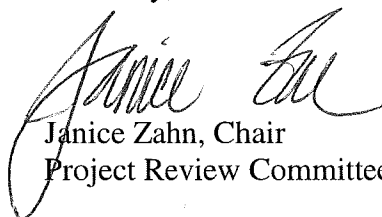

Dear Mr. Tatge:

After reviewing the re-certification provisions of Design-Build contracting procedures, the Capital Projects Advisory Review Board's Project Review Committee has determined that the correct *Design-Build* certification expiration date is **September 25, 2020**, *not* July 2019 as stated in the approval letter dated August 2, 2016. The *GC/CM* expiration date is established as **July 25, 2019**, *not the unspecified* July 2019 as stated in the approval letter dated August 2, 2016. The approved re-certification extends the previous expiration date for an additional three years.

Please submit your application for re-certification to the Project Review Committee no less than three months prior to the expiration date. You can contact Talia Baker at (360) 407-8260 if you have any questions regarding this process.

As a reminder, you will be required to submit project data to CPARB during any Design-Build or GC/CM projects undertaken with this certification. Please identify your point of contact for supplying required project data information to CPARB staff liaison, Nancy Deakins, at Nancy.Deakins@des.wa.gov.

Sincerely,

Janice Zahn, Chair
Project Review Committee

cc: James Dugan, Vice Chair
Nancy Deakins, CPARB Staff
