Leased Facility: 640 Woodland Sq Lp HQ Bldg.

· Completed a lighting upgrade for the 82,149 sq. ft. bldg.

State Owned: 212 Maple Park.

- Completing an electrical upgrade for the building, should be completed the end of Dec. 2014.
- · Completed a 3 chiller replacement in August 2014.

Describe benchmarking, metering, audits, and energy retrofits that the agency plans to implement in 2015 to meet the requirements of EO 12-06:

212 Maple Park building:

- DES is working to install a separate meter on the ESD will have the ability to monitor the actual energy usage and energy star rating.
- In the process of updating the elevators, currently budgeted for the ancillary work(required code work), this work will be completed in June 2015.

Executive Order 12-06 Reporting Form

Describe how the agency used Energy Star Portfolio Manager benchmarking in lease negotiations for new or renewed leases in 2014:

ESD works with DES to negotiate with our lessors. We had a total of 6 expirations in 2014 which resulted in downsizes and relocations.

Describe actions that will be taken to save energy through operational changes and continuous monitoring using Portfolio Manager:

ESD continues to monitor energy usage and implement necessary improvements to reduce overall state building usage of 20 percent by 2020.

Due to funding reductions/staff layoffs, our agency is downsizing, we have several projects underway for 2015: 5 offices downsizing; 3 offices relocating into smaller space and 3 office closures.

ESD continues to find ways to increase the buildings' energy efficiencies through education of staff.
