2) Enabling Legislation: RCW 39.26.210 (1)	<p>Effective January 1, 2013, agencies must annually submit to the Department of Enterprise Service (DES) a complete list of all contracts entered into or renewed except for those that are otherwise exempt. This information will be maintained by DES and be made available for public inspection. The reporting period will be for the fiscal year, July 1 through June 30. Agency reports must identify:</p> <ol style="list-style-type: none"> 1) The contracting agency; 2) The contractor; 3) The purpose of the contract; 4) Effective dates and period of performance; 5) The cost of the contract and the funding source; 6) Any substantive modifications to the contract; and 7) Whether the contract was competitively procured or awarded on a sole source basis.
3) Contract Reporting Purpose	<p>The purpose of these reporting requirements is to:</p> <ol style="list-style-type: none"> 1) Promote transparency for all contracts for goods and services entered into by state agencies, unless specifically exempted. 2) Ensure the highest ethical standards, proper accounting for contract expenditures; 3) Centralize the location of information about state procurements and contracts; and 4) Provide state agency contract data to the public in a searchable manner.
4) Contract Reporting General Requirements:	<p>The following general requirements apply to all agencies that must report under RCW 39.26.210(1).</p> <ol style="list-style-type: none"> 1) State agencies must annually submit to DES a list of all contracts that the agency has entered into or renewed in the prior fiscal year. 2) The reporting period is for the fiscal year (July 1-June 30).

	<ol style="list-style-type: none"> 3) The report must be submitted to DES no later than September 1st of each year. 4) The report must include any contract executed during the reporting period that has a statement of work or exceeds the Direct Buy limit. 5) The annual list must include all the required data fields for each contract reported.
<p>5) Required data fields:</p>	<p>Below is a list of the required data fields and a description of the information that each field is intending to capture.</p> <ol style="list-style-type: none"> 1) <u>Contracting Agency.</u> Field description: The name of the state agency that is a party to the contract. 2) <u>Contractor name.</u> Field description: The name of the contractor as it appears in the contract document, who is the party to the contract. 3) <u>Purpose of the contract.</u> Field description: The subject matter of the contract; the goods or services that the agency is procuring. The field will provide a list of categories with the ability to include an expanded description. If the contract includes multiple categories of goods and services, choose the category which accounts for the highest amount of expenditure. 4) <u>Effective dates.</u> Field description: The date the contract becomes effective, not when work actually began. The ending date will be the date upon which no further work may be conducted under the contract or the date the contract term ends or expires. 5) <u>Period of Performance.</u> Field description: The time frame in which the work is to occur or when the commodity must be delivered. The period of performance should always begin on or after the contract effective date and end on or prior to the contract expiration date. 6) <u>The cost of the contract.</u> Field description: The total actual or estimated contract cost. The cost of a contract may differ depending on the contract type. For a commodity contract, the cost of the contract is the cost of the commodity purchased, excluding taxes. If the contract is a services contract, the cost is either the estimated cost of the services, the not to exceed cost listed in the contract or the actual amount paid under the contract. The agency will also have the option to include a brief explanation.

	<p>7) <u>Funding source.</u> Field description: The funding source is the category of funds used for the contract. The funding source is either state funds, federal funds or private grant funds. For contracts that have more than one funding source, the agency will report the most dominant funding source.</p> <p>8) <u>Contract Modifications</u> Field description: Contract modifications are substantive changes made to an original contract. A substantive change is one that modifies the cost, scope or period of performance of the original contract.</p> <p>9) <u>Whether the contract was competitively procured or awarded as a sole source.</u> Field description: A contract is awarded by either a competitive process or a noncompetitive process. Noncompetitive processes include, sole source, sole source exempt from filing, emergency contracts and direct buy. A competitive process is one where more than one vendor is provided the opportunity to compete for the contract award.</p> <p>10) <u>Small Business Status (Optional).</u> Field description: The contractor’s status as a small business as identified in the Washington Electronic Business Solution (WEBS) system.</p>
