Department of Enterprise Services (DES) State Master Contract Standard Terms and Conditions.

The following standard terms and conditions are added to the Participating Addendum for the State of Washington. This section consists of general provisions and terms for contracts issued by the Washington State Department of Enterprise Services (DES), acting under the authority of RCW 39.26 which regulates the manner in which state agencies may acquire services.

3.1 Contract Modifications

DES reserves the right to modify the resulting contract (including but not limited to adding or deleting products, services, or delivery locations) by mutual agreement between DES and the contractor, as long as such modification is substantially within the scope of the original contract. Such modification(s) shall be memorialized in a signed, written document, (Amendment) describing the agreed upon change, including any terms and conditions required to support such change. Changes to point of contact information may be updated without the issuance of a mutually agreed contract amendment.

3.2 Contract Administration

- **State Contract Administrator**

DES will appoint a single point of contact that shall be the Contract Administrator for this contract and shall provide contract oversight. The Contract Administrator shall be the principal contact for the contractor for business activities under this contract. DES

shall notify the contractor in writing, when there is a new Contract Administrator assigned to this contract.

- **Administration of Term Contract**

DES may maintain contract information and pricing and make it available on DES's website. The contract prices are the maximum price contractor can charge. The contractor may offer volume discounts to purchasers.

- **Term**

This PA's initial term shall begin upon final execution of both parties and shall be coterminous with the Lead State's (Nevada) Master Agreement and any extensions of the Master Agreement.

3.3 Contractor Supervision and Coordination

Contractor shall:

- a. Competently and efficiently supervise and coordinate the implementation and completion of all contract requirements specified herein.
- b. Identify the contractor's Authorized Representative, who will be the principal point of contact for DES concerning contractor's performance under this contract.
- c. Immediately notify the Contract Administrator in writing of any change of designated Authorized Representative assigned to this contract.
- d. Be bound by all written communications given to or received from the contractor's Authorized Representative.

Violation of any provision of this section may be considered a material breach of contract and may be grounds for contract termination.

3.4 Term Contract Management

Upon award of a term contract, the contractor shall:

- a. Review the impact of the award and take the necessary steps needed to ensure that contractual obligations will be filled.
- b. Promote and market the use of this contract to all authorized contract purchasers.
- c. Ensure that those agencies who utilize this contract are authorized purchasers under this contract.
- d. At no additional charge, assist purchasers in making the most cost effective, value based purchases which may include, but is not limited to:
 - Having representatives available to provide information regarding products and services, including visiting the purchaser site if needed, and providing purchaser with materials/supplies/equipment recommendations.
 - Providing purchasers with a detail list of contract items including current contract pricing and part numbers.

The contractor shall designate a customer service representative who will be responsible for addressing purchaser issues including but not limited to:

- Logging requests for service, ensuring repairs are completed in a timely manner, dispatching service technicians and processing warranty claim documentation.
- Providing purchasers with regular and timely status updates in the event of a delay in repair or order fulfillment.
- Acting as the lead and liaison between the manufacturer and purchaser in resolving warranty claims for contract items purchased.

3.5 Changes

Alterations to any of the terms, conditions, or requirements of this contract shall only be effective upon written issuance of a mutually agreed contract amendment by DES. Changes to point of contact information may be updated without the issuance of mutually agreed contract amendment.

3.6 Statewide Payee Desk

Contractors must register with the Statewide Payee Desk, maintained by DES, to be paid for contract sales. Washington state agencies cannot make payments to a contractor until it is registered. Registration materials are available here: [Receiving Payment from the State.](#)

3.7 Management Fee

Contractor will pay a management fee of .74 percent to DES on all state contract sales/purchase prices for work orders. The purchase price is defined as total invoice price less sales tax.

The management fee must be rolled into the contractor's current pricing; the fee must not be shown as a separate line item on an invoice unless specifically requested and approved by DES.

How to determine the fee: Total sales (not including sales tax) x .0074 = management fee.

DES may increase, reduce or eliminate the management fee, and reserves the right to negotiate contract pricing with the contractor when adjustment of the management fee might justify an increase in pricing.

For purposes of the management fee, the parties agree that the initial management fee is included in the pricing. Therefore, any increase or reduction of the management fee must be reflected in contract pricing commensurate with the adjustment.

Taxability (if applicable): In 2013, the Washington Department of Revenue ruled that if the underlying transaction requires sales tax, the DES management fee portion of the transaction is also subject to a sales tax.

The state reserves the right to audit, or have a designated third party audit, applicable records to ensure that the state has been properly invoiced and all management fees have been paid. Failure to accurately report total net sales, to submit a timely sales report, or

remit timely payment of the management fee may be cause for contract termination, the charging of interest or penalties, or the exercise of other remedies provided by law.

The management fee does not include or supersede fees owed to other entities such as the NASPO ValuePoint or government entities other than the state of Washington.

DES will invoice the contractor every quarter based on sales reported by contractor. Contractors are **not to remit payment until they receive an invoice from DES.**

Management fee payment must reference the contract number, work request number (if applicable), the year and quarter for which the management fee is being remitted, and the contractor's name as it is known to DES, if not already included on the face of the check.

Remit management fee to:

Washington State Department of Enterprise Services
Finance Office
PO Box 41460
Olympia, WA 98504-1460

NOTE: DO NOT send payment to the DES Contract Administrator and do not pay prior to receiving the invoice.

3.8 Contract Sales/Usage Report

The management fee will be based on total contract sales, which must be reported quarterly by the contractor in the [Contract Sales Reporting System](#). DES will provide a login password and a vendor number.

Each sales report must identify every authorized purchaser by name as it is known to DES and its total combined sales amount **invoiced** during the reporting period (i.e., sales of an **entire agency** or political subdivision, not its individual subsections). The "Miscellaneous" option may be used only with prior approval by DES, and use of this option without prior approval by DES may be cause for contract termination.

USAGE REPORT DUE DATE: Reports must be submitted electronically within 30 days after the end of the calendar quarter:

For sales invoiced during ... Due date

Q1 (Jan / Feb / March)	April 30
Q2 (April / May / June)	July 31
Q3 (July / Aug / Sept.)	Oct. 31
Q4 (Oct / Nov / Dec.)	Jan. 31

Failure to provide reports in accordance with the schedule above may be cause for contract termination.

The report may be corrected or modified by DES with subsequent written notice to the contractor.

Upon request, contractor shall provide contact information for all purchasers during the term of this contract. Refer sales reporting questions to the Contract Administrator.

3.9 Other Required Term Contract Reports

DES may require the contractor to provide a detailed annual contract sales history report. This report, if requested, will include at a minimum, but is not limited to: product description, part number or other product identifier, per unit quantities sold, and contract price. This report must be provided to DES in an electronic format that can be read by MS Excel. Unless the solicitation specifies otherwise, all other required reports will be designed and approved by the parties by mutual agreement.

3.10 Common Vendor Registration and Bid Notification System

Contractor shall be registered in the state's common vendor registration and bid notification system, RCW 39.29.006, known as Washington's Electronic Business Solutions (WEBS) at www.ga.wa.gov/webs. Contractors already registered need not re-register. It is the sole responsibility of contractors to properly register and maintain an accurate vendor profile.

3.11 Payment

a. Advance payment prohibited:

No advance payment shall be made for the products and Services furnished by contractor under this contract.

Notwithstanding the above, maintenance payments, if any, may be made on a quarterly basis at the beginning of each quarter.

b. Payment:

Payment is the sole responsibility of, and will be made by, the purchaser.

Under [Chapter 39.76 RCW](#), if purchaser fails to make timely payment(s), contractor may invoice for 1 percent per month on the amount overdue or a minimum of \$1.

Payment will not be considered late if a check or warrant is mailed within the time

specified. If no terms are specified otherwise in the solicitation, net 30 days will automatically apply.

Payment(s) made in accordance with contract terms shall fully compensate the contractor for all risk, loss, damages or expense of whatever nature and acceptance of payment shall constitute a waiver of all claims submitted by contractor.

Payment for materials, supplies and/or equipment received and for services rendered shall be made by purchaser and be redeemable in U.S. dollars. Unless otherwise specified, the purchaser's sole responsibility shall be to issue this payment. Any bank or transaction fees or similar costs associated with currency exchange procedures or the use of purchasing/credit cards shall be fully assumed by the contractor.

Note: when the state has been overcharged or otherwise reimbursed, the purchaser may elect to have either direct payments or written credit memos issued. If the contractor fails to make timely payment(s) or issuance of credit memos, the purchaser may impose a 1% per month on the amount overdue 30 days after notice to the contractor.

c. Invoicing and discounts

Contractor must provide a properly completed invoice to purchaser. All invoices are to be delivered to the address indicated in the purchase order.

Each invoice must be identified by the associated contract number; the contractor's statewide vendor registration number assigned by the Washington State Office of Financial Management (OFM), the applicable purchaser's order number, and must be in U.S. dollars. Invoices must be prominently annotated by the contractor with all applicable prompt payment and/or volume discount(s) and shipping charges unless otherwise specified in the solicitation.

Invoices for payment will accurately reflect all discounts due the purchaser. Invoices will not be processed for payment, nor will the period of prompt payment discount commence, until receipt of a properly completed invoice denominated in U.S. dollars and until all invoiced items are received and satisfactory performance of contractor has been accepted by the purchaser. If an adjustment in payment is necessary due to damage or dispute, any prompt payment discount period shall commence on the date final approval for payment is authorized.

3.12 Taxes, fees and licenses

a. Taxes

Where required by statute or regulation, the contractor shall pay for and maintain in current status all taxes that are necessary for contract performance. Unless otherwise indicated, the purchaser agrees to pay State of Washington taxes on all applicable materials, supplies, services and/or equipment purchased. No charge by the contractor shall be made for federal excise taxes and the purchaser agrees to furnish contractor with an exemption certificate where appropriate.

b. Collection of retail sales and use taxes

In general, contractors engaged in retail sales activities within the State of Washington are required to collect and remit sales tax to Department of Revenue (DOR). In general, out-of-state contractors must collect and remit "use tax" to Department of Revenue if the activity carried on by the seller in the State of Washington is significantly associated with contractor's ability to establish or maintain a market for its products in Washington. Examples of such activity include where the contractor either directly or by an agent or other representative:

- Maintains an in-state office, distribution house, sales house, warehouse, service enterprise, or any other in-state place of business;
- Maintains an in-state inventory or stock of goods for sale;
- Regularly solicits orders from purchasers located within the State of Washington via sales representatives entering the State of Washington;
- Sends other staff into the State of Washington (e.g. product safety engineers, etc.) to interact with purchasers in an attempt to establish or maintain market(s); or
- Other factors identified in [WAC 458-20](#).

c. Department of Revenue registration for out-of-state contractors

Out-of-state contractors meeting any of the above criteria must register and establish an account with the Department of Revenue. Refer to [WAC 458-20-193](#), and call the Department of Revenue at 800-647-7706 for additional information. When out-of-state contractors are not required to collect and remit "use tax," purchasers located in the State of Washington are responsible for paying this tax, if applicable, directly to the Department of Revenue.

d. Taxes on invoice

Contractor shall calculate and enter the appropriate state and local sales tax on all invoices. Tax is to be computed on new items after deduction of any trade-in in accordance with [WAC 458-20-247](#).

e. Overpayments to contractor

Contractor shall refund to purchaser the full amount of any erroneous payment or overpayment under this contract within 30 days' written notice. If contractor fails to make timely refund, purchaser may charge contractor 1 percent per month on the amount due, until paid in full.

f. Proprietary or confidential information

To the extent consistent with [Chapter 42.56 RCW](#), the Public Disclosure Act, DES shall maintain the confidentiality of contractor's information marked confidential or proprietary. If a request is made to view contractor's proprietary information, DES will notify contractor of the request and of the date that the records will be released to the requester unless contractor obtains a court order enjoining that disclosure. If contractor fails to obtain the court order enjoining disclosure, DES will release the requested information on the date specified.

The state's sole responsibility shall be limited to maintaining the above data in a secure area and to notify contractor of any request(s) for disclosure for so long as DES retains contractor's information in DES records. Failure to so label such materials or failure to timely respond after notice of request for public disclosure has been given shall be deemed a waiver by contractor of any claim that such materials are exempt from disclosure.

3.13 Insurance

The following are general insurance provisions for the State of Washington. Additional requirements specific to a good/service may be detailed elsewhere in a solicitation or its appendices.

a. General requirements

Contractor shall include all subcontractors as insureds under all required insurance policies, or shall furnish separate Certificates of Insurance and endorsements for each subcontractor. Contractor shall maintain business auto liability and, if necessary, commercial umbrella liability insurance with a combined single limit not less than \$1,000,000 per occurrence. The business auto liability shall include Hired and Non-Owned coverage.

Contractor waives all rights against the State of Washington for the recovery of damages to the extent they are covered by business auto liability or commercial umbrella liability insurance.

g. Excess coverage

The limits of all insurance required to be provided by the contractor shall be no less than the minimum amounts specified. However, coverage in the amounts of these minimum limits shall not be construed to relieve the contractor from liability in excess of such limits.

h. Limit adjustments

The state reserves the right to increase or decrease limits as appropriate.

3.14 Antitrust

The state maintains that, in actual practice, overcharges resulting from antitrust violations are borne by the purchaser. Therefore, the contractor hereby assigns to the State of Washington any and all of the contractor's claims for such price fixing or overcharges which arise under federal or state antitrust laws, relating to the materials, supplies, services and/or equipment purchased under this contract.

3.15 Disputes and remedies

a. Problem resolution and disputes

Problems arising out of the performance of this contract shall be resolved in a timely manner at the lowest possible level with authority to resolve such problem. If a

problem persists and cannot be resolved, it may be escalated within each organization.

In the event a bona fide dispute concerning a question of fact arises between DES or the purchaser and contractor and it cannot be resolved between the parties through the normal problem escalation processes, either party may initiate the dispute resolution procedure provided herein. The dispute shall be handled by a Dispute Resolution Panel in the following manner. Each party to this contract shall appoint one member to the Panel. These two appointed members shall jointly appoint an additional member. The Dispute Resolution Panel shall review the facts, contract terms and applicable statutes and rules and make a determination of the dispute as quickly as reasonably possible. The determination of the Dispute Resolution Panel shall be final and binding on the parties hereto. DES and/or purchaser and contractor agree that, the existence of a dispute notwithstanding, they will continue without delay to carry out all their respective responsibilities under this contract that are not affected by the dispute.

In the event a bona fide dispute concerning a question of fact arises between DES or the purchaser and contractor and it cannot be resolved between the parties through the normal escalation processes, either party may initiate the dispute resolution procedure provided herein.

The initiating party shall reduce its description of the dispute to writing and deliver it to the responding party. The responding party shall respond in writing within three business days. The initiating party shall have three business days to review the bid. If after this review a resolution cannot be reached, both parties shall have three business days to negotiate in good faith to resolve the dispute.

If the dispute cannot be resolved after three business days, a Dispute Resolution Panel may be requested in writing by either party who shall also identify the first panel member. Within three business days of receiving the request, the other party will designate a panel member. Those two panel members will appoint a third individual to the Dispute Resolution Panel within the next three business days.

The Dispute Resolution Panel will review the written descriptions of the dispute, gather additional information as needed, and render a decision on the dispute in the shortest practical time.

Each party shall bear the cost for its panel member and share equally the cost of the third panel member.

Both parties agree to be bound by the determination of the Dispute Resolution Panel.

Both parties agree to exercise good faith in dispute resolution and to settle disputes prior to using a Dispute Resolution Panel whenever possible.

DES, the purchaser and contractor agree that, the existence of a dispute notwithstanding, they will continue without delay to carry out all their respective responsibilities under this contract that are not affected by the dispute.

If the subject of the dispute is the amount due and payable by purchaser for materials, supplies, services and/or equipment being provided by contractor, contractor shall continue providing materials, supplies, services and/or equipment pending resolution of the dispute provided purchaser pays contractor the amount purchaser, in good faith, believes is due and payable, and places in escrow the difference between such amount and the amount contractor, in good faith, believes is due and payable.

b. Administrative suspension

When it in the best interest of the state, DES may at any time, and without cause, suspend the contract or any portion thereof for a period of not more than 30 calendar days per event by written notice from DES to the contractor's Representative. contractor shall resume performance on the next business day following the 30th day of suspension unless an earlier resumption date is specified in the notice of suspension. If no resumption date was specified in the notice of suspension, the contractor can be demanded and required to resume performance within the 30-day suspension period by DES providing the contractor's Representative with written notice of such demand.

c. Force majeure

The term "force majeure" means an occurrence that is beyond the control of the party affected and could not have been avoided by exercising reasonable diligence. Force majeure shall include acts of war, riots, strikes, fire, floods, windstorms, epidemics or other similar occurrences.

Exceptions: Except for payment of sums due, neither party shall be liable to the other or deemed in breach under this contract if, and to the extent that, such party's performance of this contract is prevented by reason of force majeure.

Notification: If either party is delayed by force majeure, said party shall provide written notification within 48 hours. The notification shall provide evidence of the force majeure to the satisfaction of the other party. Such delay shall cease as soon as practicable and written notification of same shall likewise be provided. So far as consistent with the Rights Reserved below, the time of completion shall be extended by contract amendment for a period of time equal to the time that the results or effects of such delay prevented the delayed party from performing in accordance with this contract.

Rights reserved: DES reserves the right to authorize an amendment to this contract, terminate the contract, and/or purchase materials, supplies, equipment and/or services from the best available source during the time of force majeure, and contractor shall have no recourse against the state.

d. Alternative dispute resolution fees and costs

In the event that the parties engage in arbitration, mediation or any other alternative dispute resolution forum to resolve a dispute in lieu of litigation, both parties shall share equally in the cost of the alternative dispute resolution method, including cost

of mediator or arbitrator. In addition, each party shall be responsible for its own attorneys' fees incurred as a result of the alternative dispute resolution method.

e. Non-exclusive remedies

The remedies provided for in this contract shall not be exclusive but are in addition to all other remedies available under law.

3.16 Liquidated damages

a. Liquidated damages - General

DES and or the purchasers and the contractor agree that the liquidated damages provisions in the contract are a reasonable forecast of the actual damages that would be suffered by the purchaser in the event of contractor's nonperformance, that such liquidated damages are not a penalty but represent the reasonable compensation due purchaser in the event of a breach, and that such liquidated damages will be assessed as set forth herein.

Any delay by contractor in meeting the Delivery Date, Installation Date, maintenance or repair date, or other applicable date set forth in this contract will interfere with the proper implementation of purchaser's programs and will result in loss and damage to purchaser.

As it would be impracticable to fix the actual damage sustained in the event of any such failure(s) to perform, purchaser and contractor agree that in the event of any such failure(s) to perform, the amount of damage which will be sustained will be the amount set forth in the following subsections and the parties agree that contractor shall pay such amounts as liquidated damages and not as a penalty.

Liquidated damages provided under the terms of this contract are subject to the same limitations as provided in the section titled Limitation of Liability.

b. Limitation of liability

The parties agree that neither contractor, DES nor purchaser shall be liable to each other, regardless of the form of action, for consequential, incidental, indirect, or special damages except a claim related to bodily injury or death, or a claim or demand based on patent, copyright, or other intellectual property right infringement, in which case liability shall be as set forth elsewhere in this contract.

This section does not modify any sections regarding liquidated damages or any other conditions as are elsewhere agreed to herein between the parties. The damages specified in the sections titled Termination for Default and Retention of Records are not consequential, incidental, indirect, or special damages as that term is used in this section.

The contractor, DES and purchaser are not liable for damages arising from causes beyond their reasonable control and without their fault or negligence. Such causes may include, but are not restricted to, acts of the public enemy, acts of a government body other than DES or the purchaser acting in either its sovereign or contractual

capacity, war, explosions, fires, floods, earthquakes, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case the delays must be beyond the reasonable control and without fault or negligence of the contractor, DES or the purchaser, or their respective subcontractors.

If delays are caused by a subcontractor without its fault or negligence, contractor shall not be liable for damages for such delays, unless the services to be performed were obtainable on comparable terms from other sources in sufficient time to permit contractor to meet its required performance schedule.

Neither party shall be liable for personal injury to the other party or damage to the other party's property except personal injury or damage to property proximately caused by such party's respective fault or negligence.

c. Federal funding (if applicable)

In the event that a federally funded acquisition results from this procurement, the contractor may be required to provide additional information (free of charge) at the request of DES or purchaser. Further, the contractor may be subject to those federal requirements specific to the commodity.

d. Federal restrictions on lobbying (if applicable)

Contractor certifies that under the requirements of Lobbying Disclosure Act, 2 U.S.C., Section 1601 et seq., no federal appropriated funds have been paid or will be paid, by or on behalf of the contractor, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

3.17 Debarment and suspension

Respondent certifies, by submitting this bid or proposal, that neither it nor its affiliates presently are debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this procurement/contract by any government agency. Respondent also agrees to notify DES if its debarment status changes during the bid process or after receiving notice of contract award, if any. If respondent cannot certify this statement, attach a written explanation to the bid response for review.

3.18 Contract termination

a. Material breach

A contractor may be terminated for cause by DES, at the sole discretion of DES, for failing to perform a contractual requirement or for a material breach of any term or

condition. Material breach of a term or condition of the contract may include but is not limited to:

- Contractor failure to perform services or deliver materials, supplies, or equipment by the date required or by an alternate date as mutually agreed in a written amendment to the contract;
- Contractor failure to carry out any warranty or fails to perform or comply with any mandatory provision of the contract;
- Contractor becomes insolvent or in an unsound financial condition so as to endanger performance hereunder;
- Contractor becomes the subject of any proceeding under any law relating to bankruptcy, insolvency or reorganization, or relief from creditors and/or debtors that endangers the contractor's proper performance hereunder;
- Appointment of any receiver, trustee, or similar official for contractor or any of the contractor's property and such appointment endangers the contractor's proper performance hereunder;
- A determination that the contractor is in violation of federal, state, or local laws or regulations and that such determination renders the contractor unable to perform any aspect of the contract.

b. Opportunity to cure

In the event that contractor fails to perform a contractual requirement or materially breaches any term or condition, DES may issue a written cure notice. The contractor may have a period of time in which to cure. DES is not required to allow the contractor to cure defects if the opportunity for cure is not feasible as determined solely within the discretion of DES. Time allowed for cure shall not diminish or eliminate contractor's liability for liquidated or other damages, or otherwise affect any other remedies available against contractor under the contract or by law.

If the breach remains after contractor has been provided the opportunity to cure, DES may do any one or more of the following:

- Exercise any remedy provided by law;
- Terminate this contract and any related contracts or portions thereof;
- Procure replacements and impose damages as set forth elsewhere in this contract;
- Impose actual or liquidated damages;
- Suspend or bar contractor from receiving future solicitations or other opportunities;
- Require contractor to reimburse the state for any loss or additional expense incurred as a result of default or failure to satisfactorily perform the terms of the contract.

c. Termination for cause

In the event DES, in its sole discretion, determines that the contractor has failed to comply with the conditions of this contract in a timely manner or is in material breach, DES has the right to suspend or terminate this contract, in part or in whole. DES shall notify the contractor in writing of the need to take corrective action. If corrective action is not taken within 30 calendar days or as otherwise specified by DES, or if such corrective action is deemed by DES to be insufficient, the contract may be terminated. DES reserves the right to suspend all or part of the contract, withhold further payments, or prohibit the contractor from incurring additional obligations of funds during investigation of the alleged breach and pending corrective action by the contractor or a decision by DES to terminate the contract.

In the event of termination, DES shall have the right to procure for all purchasers any replacement materials, supplies, services and/or equipment that are the subject of this contract on the open market. In addition, the contractor shall be liable for damages as authorized by law including, but not limited to, any price difference between the original contract and the replacement or cover contract and all administrative costs directly related to the replacement contract, e.g., cost of the competitive bidding, mailing, advertising and staff time.

If it is determined that: (1) the contractor was not in material breach; or (2) failure to perform was outside of contractor's or its subcontractor's control, fault or negligence, the termination shall be deemed to be a "termination for convenience." The rights and remedies of DES and/or the purchaser provided in this contract are not exclusive and are in addition to any other rights and remedies provided by law.

d. Termination for convenience

Except as otherwise provided in this contract, DES, at the sole discretion of DES, may terminate this contract, in whole or in part by giving 30 calendar days or other appropriate time period written notice beginning on the second day after mailing to the contractor. If this contract is so terminated, purchasers shall be liable only for payment required under this contract for properly authorized services rendered, or materials, supplies and/or equipment delivered to and accepted by the purchaser prior to the effective date of contract termination. Neither DES nor the purchaser shall have any other obligation whatsoever to the contractor for such termination. This Termination for Convenience clause may be invoked by DES when it is in the best interest of the State of Washington.

e. Termination for withdrawal of authority

In the event that DES and/or purchaser's authority to perform any of its duties is withdrawn, reduced, or limited in any way after the commencement of this contract and prior to normal completion, DES may terminate this contract, in whole or in part, by seven calendar days written notice, or other appropriate time period, to contractor.

f. Termination for non-allocation of funds

If funds are not allocated to purchaser(s) to continue this contract in any future period, DES may terminate this contract with seven calendar days written notice, or other appropriate time period, to contractor, or work with contractor to arrive at a mutually acceptable resolution of the situation. Purchaser will not be obligated to pay any further charges for materials, supplies, services and/or equipment including the net remainder of agreed-to consecutive periodic payments remaining unpaid beyond the end of the then-current period. DES and/or purchaser agree to notify contractor in writing of such non-allocation at the earliest possible time.

No penalty shall accrue to the purchaser in the event this section shall be exercised. This section shall not be construed to permit DES to terminate this contract in order to acquire similar materials, supplies, services and/or equipment from a third party.

g. Termination for conflict of interest

DES may terminate this contract by written notice to contractor if it is determined, after due notice and examination, that any party to this contract has violated [Chapter 42.52 RCW](#), Ethics in Public Service, or any other laws regarding ethics in public acquisitions and procurement and performance of contracts. In the event this contract is so terminated, DES and/or purchaser shall be entitled to pursue the same remedies against contractor as it could pursue in the event that the contractor breaches this contract.

h. Termination by mutual agreement

DES and the contractor may terminate this contract in whole or in part, at any time, by mutual agreement.

i. Termination procedure

In addition to the procedures set forth below, if DES terminates this contract, contractor shall follow any procedures DES specifies in the termination notice.

Upon termination of this contract and in addition to any other rights provided in this contract, DES may require the contractor to deliver to the purchaser any property specifically produced or acquired for the performance of such part of this contract as has been terminated. The provisions of the "Treatment of Assets" clause shall apply in such property transfer.

The purchaser shall pay to the contractor the agreed upon price, if separately stated, for completed work and service(s) Accepted by the purchaser, and the amount agreed upon by the contractor and the purchaser for (i) completed materials, supplies, services rendered and/or equipment for which no separate price is stated, (ii) partially completed materials, supplies, services rendered and/or equipment, (iii) other materials, supplies, services rendered and/or equipment which are Accepted by the purchaser, and (iv) the protection and preservation of property, unless the termination is for cause, in which case DES and the purchaser shall determine the extent of the liability of the purchaser. Failure to agree with such determination shall be a dispute within the meaning of the "Disputes" clause of this contract. The purchaser may withhold from any amounts due the contractor such sum as DES and

purchaser determine to be necessary to protect the purchaser against potential loss or liability.

The rights and remedies of DES and/or the purchaser provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

After receipt of a termination notice, and except as otherwise expressly directed in writing by DES, the contractor shall:

- Stop all work, order fulfillment, shipments, and deliveries under the contract on the date, and to the extent specified, in the notice;
- Place no further orders or subcontracts for materials, services, supplies, equipment and/or facilities in relation to the contract except as is necessary to complete or fulfill such portion of the contract that is not terminated;
- Complete or fulfill such portion of the contract that is not terminated in compliance with all contractual requirements;
- Assign to the purchaser, in the manner, at the times, and to the extent directed by DES on behalf of the purchaser, all of the rights, title, and interest of the contractor under the orders and subcontracts so terminated, in which case the purchaser has the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.
- Settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of DES and/or the purchaser to the extent DES and/or the purchaser may require, which approval or ratification shall be final for all the purposes of this clause;
- Transfer title to the purchaser and deliver in the manner, at the times, and to the extent directed by DES on behalf of the purchaser any property which, if the contract had been completed, would have been required to be furnished to the purchaser;
- Take such action as may be necessary, or as DES and/or the purchaser may direct, for the protection and preservation of the property related to this contract which is in the possession of the contractor and in which DES and/or the purchaser has or may acquire an interest.

Pursuant to Nevada Revised Statute (NRS) 277.100, NRS 277.110, NRS 333.162(1)(d), and NRS 333.480 the Chief of the Purchasing Division of Nevada is authorized to enter into cooperative group-contracting consortium.

The WSCA-NASPO Cooperative Purchasing Organization is a cooperative group-contracting consortium for state government departments, institutions, institutions of higher education, agencies, and political subdivisions (i.e., colleges, school districts, counties, cities, etc.) for the fifty states, the District of Columbia, and the organized US territories. WSCA-NASPO is a subset of the National Association of State Procurement Officials (NASPO). NASPO is a non-profit association dedicated to strengthening the procurement community through education, research, and communication. It is made up of the directors of the central purchasing offices in each of the 50 states, the District of Columbia, and the territories of the United States.

In consideration of the above premises, the parties mutually agree as follows:

1. **REQUIRED APPROVAL.** This contract shall not become effective until and unless approved by the WSCA-NASPO Board of Directors.
2. **DEFINITIONS.** "WSCA" means the Western States Contracting Alliance. "Participating State(s)" means state(s) that have signed (and not revoked) an Intent to Contract at the time of the award of this contract, or who have executed a Participating Addendum. "Buyer" means any WSCA agency or political subdivision participating under this contract. "Contractor" and/or Contracting Agency" means a person or entity that performs services and/or provides goods for WSCA under the terms and conditions set forth in this contract. "Solicitation" means RFP 3047 incorporated herein as Attachment AA. "Fiscal Year" is defined as the period beginning July 1 and ending June 30 of the following year.

3. **CONTRACT TERM.** This contract shall be effective from November 1, 2013 subject to WSCA Board of Directors' approval to October 31, 2017 with one (1) option to renew for two (2) additional years, unless sooner terminated by either party as specified in paragraph (21).
4. **CANCELLATION OF CONTRACT; NOTICE.** Unless otherwise stated in the special terms and conditions, any contract entered into as a result of the Solicitation may be canceled by either party upon written notice sixty (60) days prior to the effective date of the cancellation. Further, any Participating State may cancel its participation upon thirty (30) days written notice, unless otherwise limited or stated in the special terms and conditions of the Solicitation. Cancellation may be in whole or in part. Any cancellation under this provision shall not effect the rights and obligations attending orders outstanding at the time of cancellation, including any right of any Participating State to indemnification by the Contractor, rights of payment for goods/services delivered and accepted, and rights attending any warranty or default in performance in association with any order. Cancellation of the contract due to Contractor default may be immediate.
5. **INCORPORATED DOCUMENTS.** The parties agree that the scope of work shall be specifically described; this contract incorporates the following attachments in descending order of constructive precedence:

7. **ASSENT.** The parties agree that the terms and conditions listed on incorporated attachments of this contract are also specifically a part of this contract and are limited only by their respective order of precedence and any limitations specified.
8. **BID SPECIFICATIONS.** Contractor certifies that any deviation from the specifications in the scope of work, incorporated herein as part of Attachment AA, have been clearly indicated by Contractor in its response, incorporated herein as Attachment CC; otherwise, it will be considered that the bid is in strict compliance. Bid prices must remain firm for the full term of the contract. In the case of error in the extension of prices in the bid, the unit prices will govern. WSCA-NASPO does not guarantee to purchase any amount under this contract. Estimated quantities in the Solicitation are for bidding purposes only and are not to be construed as a guarantee to purchase any amount. Unless otherwise stated in the special terms and conditions offers made in accordance with the Solicitation must be good and firm for a period of ninety (90) days from the date of bid opening. Bid prices must remain firm for the full term of the contract. In the case of error in the extension of prices in the bid, the unit prices will govern. If Contractor has quoted a cash discount based upon early payment; discounts offered for less than thirty (30) days have not been considered in making the award. The date from which discount time is calculated shall be the date a correct invoice is received or receipt of shipment, whichever is later; except that if testing is performed, the date shall be the date of acceptance of the merchandise. WSCA-NASPO is not liable for any costs incurred by the bidder in proposal preparation.

If Contractor is unable or refuses to correct such goods within a time deemed reasonable by the Buyer, the Buyer may cancel the order in whole or in part. Nothing in this paragraph shall adversely affect the Buyer's rights including the rights and remedies associated with revocation of acceptance under the Uniform Commercial Code.

20. INSPECTION & AUDIT.

a. Books and Records. The Contractor will maintain, or supervise the maintenance of all records necessary to properly account for the payments made to the Contractor for costs authorized by this contract. Contractor agrees to keep and maintain under generally accepted accounting principles (GAAP) full, true and complete records, contracts, books, and documents as are necessary to fully disclose to WSCA/NASPO, the State or United States Government, or their authorized representatives, upon audits or reviews, sufficient information to determine compliance with all state and federal regulations and statutes.

b. Inspection & Audit. Contractor agrees that the relevant books, records (written, electronic, computer related or otherwise), including, without limitation, relevant accounting procedures and practices of Contractor or its subcontractors, financial statements and supporting documentation, and documentation related to the work product shall be subject, at any reasonable time, to inspection, examination, review, audit, and copying at any office or location of Contractor where such records may be found, with or without notice by WSCA/NASPO; the United States Government; the State Auditor or its contracted examiners, the Department of Administration, Budget Division, the Nevada State Attorney General's Office or its Fraud Control Units, the State Legislative Auditor, and with regard to any federal funding, the relevant federal agency, the Comptroller General, the General Accounting Office, the Office of the Inspector General, or any of their authorized representatives. All subcontracts shall reflect requirements of this paragraph.

c. Period of Retention. All books, records, reports, and statements relevant to this contract must be retained a minimum four (4) years after the contract terminates or until all audits initiated within the four (4) years have been completed, whichever is later, and for five (5) years if any federal funds are used in the contract. The retention period runs from the date of payment for the relevant goods or services by the State, or from the date of termination of the Contract, whichever is later. Retention time shall be extended when an audit is scheduled or in progress for a period reasonably necessary to complete an audit and/or to complete any administrative and judicial litigation which may ensue.

21. CONTRACT TERMINATION. Any of the following events shall constitute cause for WSCA-NASPO to declare Contractor in default of the contract: (1) nonperformance of contractual requirements; and/or (2) a material breach of any term or condition of this contract. WSCA-NASPO shall issue a written notice of default providing a period in which Contractor shall have an opportunity to cure. Time allowed for cure shall not diminish or eliminate Contractor's liability for liquidated or other damages. If the default remains, after Contractor has been provided the opportunity to cure, WSCA-NASPO may do one or more of the following: (1) exercise any remedy provided by law; (2) terminate this contract and any related contracts or portions thereof; (3) impose liquidated damages; and/or (4) suspend Contractor from receiving future bid solicitations.

Winding Up Affairs Upon Termination. In the event of termination of this contract for any reason, the parties agree that the provisions of this paragraph survive termination:

i. The parties shall account for and properly present to each other all claims for fees and expenses and pay those which are undisputed and otherwise not subject to set off under this contract. Neither party may withhold performance of winding up provisions solely based on nonpayment of fees or expenses accrued up to the time of termination;

ii. Contractor shall satisfactorily complete work in progress at the agreed rate (or a pro rata basis if necessary) if so requested by WSCA/NASPO;

iii. Contractor shall execute any documents and take any actions necessary to effectuate an assignment of this contract if so requested by WSCA/NASPO;

iv. Contractor shall preserve, protect and promptly deliver into WSCA/NASPO's possession all proprietary information in accordance with paragraph (31).

22. REMEDIES. Except as otherwise provided for by law or this contract, the rights and remedies of the parties shall not be exclusive and are in addition to any other rights and remedies provided by law or equity, including, without limitation, actual damages, and to a prevailing party reasonable attorneys' fees and costs. It is specifically agreed that reasonable attorneys'

Effective 04/07

fees shall include without limitation \$125 per hour for attorneys employed by the Lead State. Nevada may set off consideration against any unpaid obligation of Contractor to any State agency in accordance with NRS 353C.190.

23. LIMITED LIABILITY. Nevada will not waive and intends to assert available NRS chapter 41 liability limitations in all cases. Contract liability of both parties shall not be subject to punitive damages. Liquidated damages shall not apply unless otherwise specified in the incorporated attachments. Damages for any breach by the Lead State shall never exceed the amount of funds appropriated for payment under this contract, but not yet paid to Contractor, for the fiscal year budget in existence at the time of the breach. Damages for any Contractor breach shall not exceed 150% of the contract maximum "not to exceed" value. Contractor's tort liability shall not be limited.
24. FORCE MAJEURE. Neither party to this contract shall be deemed to be in violation of this contract if it is prevented from performing any of its obligations hereunder due to strikes, failure of public transportation, civil or military authority, act of public enemy, accidents, fires, explosions, or acts of God, including, without limitation, earthquakes, floods, winds, or storms. In such an event the intervening cause must not be through the fault of the party asserting such an excuse, and the excused party is obligated to promptly perform in accordance with the terms of the contract after the intervening cause ceases. WSCA-NASPO may terminate this contract after determining such delay or default will reasonably prevent successful performance of the contract.
25. INDEMNIFICATION. To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend, not excluding the State's right to participate, Nevada from and against all liability, claims, actions, damages, losses, and expenses, including, without limitation, reasonable attorneys' fees and costs, arising out of any alleged negligent or willful acts or omissions of Contractor, its officers, employees and agents. The Contractor shall release, protect, indemnify and hold WSCA-NASPO and the respective states and their officers, agencies, employees, harmless from and against any damage, cost or liability, including reasonable attorney's fees for any or all injuries to persons, property or claims for money damages arising from acts or omissions of the contractor, his employees or subcontractors or volunteers.
26. INSURANCE SCHEDULE. Unless expressly waived in writing by the Lead State, Contractor, as an independent contractor and not an employee of the state, must carry policies of insurance and pay all taxes and fees incident hereunto. Policies shall meet the terms and conditions as specified within this Contract. The Participating States shall have no liability except as specifically provided in the Contract.

The Contractor shall not commence work before:

- 1) Contractor has provided the required evidence of insurance to the Participating States, and
- 2) The Participating States have approved the insurance policies provided by the Contractor.

Prior to approval of the insurance policies by the Participating States shall be a condition precedent to any payment of consideration under this Contract and the Participating States' approval of any changes to insurance coverage during the course of performance shall constitute an ongoing condition subsequent to this Contract. Any failure of the Participating States to timely approve shall not constitute a waiver of the condition.

INSURANCE REQUIREMENTS:

Contractor and subcontractors shall procure and maintain until all of their obligations have been discharged, including any warranty periods under this Contract are satisfied, insurance against claims for injury to persons or damage to property which may arise from or in connection with the performance of the work hereunder by the Contractor, his agents, representatives, employees or subcontractors.

The insurance requirements herein are minimum requirements for this Contract and in no way limit the indemnity covenants contained in this Contract. The Lead State in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of the work under this contract by the Contractor, his agents, representatives, employees or subcontractors and Contractor is free to purchase

additional insurance as may be determined necessary. Participating States may require, modify or waive insurance coverages and/or endorsements specific to their procurement codes.
