

One – Time Processing Fee Master Contract 00508

OSP BID PROCESSING FEE (REFERENCE SECTION 3.3 OF THE MASTER CONTRACT)

Consistent with RCW [39.34.130](#) each Work Contract resulting from the Tier II RFQ will be subject to a Bid Processing Fee Administration Fee \$410.00 which will be billed to the Client for the purpose of recovering the OSP labor costs associated to managing the Tier II bid process and the Tier I bidder pool.

The OSP Bid Processing fee of \$410.00 is intended to be billed per Work Request form that is completed for each location. Therefore any requests for multiple locations for one resulting Work Contract could be subject to additional \$410.00 processing fees in order to cover GA's costs of managing the bid process for each location. Customers should keep in mind that this OSP Bid Processing fee is a significant discount from the past contract's annual fees.
