NHII Advisors will utilize Manatt Health Solutions (MHS) to assist HCA to develop an Opportunity Analysis Brief and Grant Application Strategy. This consultation and related work products will provide recommendations and strategies to support HCA in its role as the state designated entity for ARRA HITECH coordination. This assistance is intended to help our state to be more competitive to receive federal American Recovery and Reinvestment Act of 2009 (ARRA) HITECH funds for communities and state programs. The recommendations and strategies will be developed and coordinated with policy makers and stakeholders and will identify opportunities, obligations, and actions required to take full advantage of targeted HITECH grant funding. This amendment is an exception under ESSB 5460 because costs are necessary to receive federal ARRA funds.

Amendment extends the contract to 12/31/09 and adds funding for continued services related to a study of the L&I Retrospective Rating Program, which is an integral part of the Workers Compensation System. The study is part of the FY 2008-2009 budget provisio. The contract will study the calculations that lead to refunds or assessments for Retro employers. The contractor will also study the effects the department's Rate Holiday had on Retro and non-retro employers. This amendment was granted an exemption under ESSB 5460 based upon critical necessity.

The purpose of this contract is to meet the federal Centers for Medicare and Medicaid Services (CMS) requirement for DSHS to review the FQHC/RHC payment structure and have a contractor design an initial input price index for DSHS that can be used to annually adjust FQHC and RHC Medicaid fee for service encounter rates for forecasted changes in WA State health clinic input prices. This contract fits the exception in ESSB 5460 that costs are necessary to receive and maintain federal funds. Without this contract, the state will lose the federal match on the enhancement payments, which are required by federal law. The total loss would be approximately \$57 million.

Amendment to Optional Use (convenience) contract extends the period of performance to July 31, 2009 and adds funding for continued services related to the WSDOT Project Management and Reporting System (PMRS). PMRS is a critically necessary project for WSDOT because it provides project management tools for delivery of WSDOT's critical capital construction program. The PMRS is mandated via legislative proviso -ESHB 2878 Section 213B(4). The contractor is essential to the PMRS Project because of his expert technical knowledge of the COTS products and their relationship to the legacy data system. Without the continued services of Ben Ferris, WSDOT cannot meet the deliverables required by the Information Services Board (ISB).

Based upon ESSB 5460 WSDOT determined that the amendment is of critical necessity in order to complete the Project Management and Reporting System (PMRS) which is mandated via legislative proviso - ESHB 2878 Section 213 B(4). The Agency Executive Contracts Council approved the filing of this amendment with OFM.
