 Filing Date: 12/22/2009

The purpose of this Amendment to this Seattle Convention and Visitors Bureau Contract is to reduce the funding by \$7,500. It also memorializes the fact that there has been a change in subcontractor who will be working in Japan. And it makes a minor change to the Hold Harmless language of the General Terms and Conditions to emphasize the Contractor's obligation to hold COMMERCE harmless from acts of the subcontractors.

This contract amendment allows completion of the UASI Radiological Response Plan. The plan coordinates local, state, federal and tribal response to radiation emergencies. The need for this project surfaced during the 2003 TOPOFF II Exercise in Seattle where all 115 simulated trauma victims exposed to radiation died. They died because responders waited too long to provide medical treatment. The responders could have safely treated the victims on-scene and transported them to a medical center. However, the responders did not understand radiation or its effects. As the state radiation regulatory authority, the Department of Health plays a vital role in the Urban Area Security Initiative (UASI) work for planned responses to radiological emergencies. This plan is a high priority for the participating agencies. Current plans in the affected jurisdictions are absent or inadequate. This plan allows local, state and federal agencies to adequately respond and care for citizens that will overwhelm hospitals and reception centers. Without the plan, recovery will take longer than necessary and result in detrimental public health impact. The following agencies support the development of the plan: Ports of Seattle/Tacoma/Everett, Seattle Emergency Management, Seattle Public Health, King County Emergency Management, Pierce County Emergency Management, Pierce County Public Health, Snohomish County Emergency Management, Snohomish County Public Health, Seattle Police Department, Seattle Fire, Bellevue Fire, Tacoma Police Department, Tacoma Fire, Everett Police Department, Everett Fire, Washington Military Department, Washington State Patrol, Department of Ecology, Public Health Laboratory, Department of Agriculture, Department of Fish & Wildlife, U.S. Department of Homeland Security, U.S. Department of Energy, U.S. Department of Health & Human Services, U.S. Environmental Protection Agency, Federal Bureau of Investigation, U.S. Coast Guard, U.S. Customs and Border Protection.

Ensure adequate funding is available to effectively implement the Unified Marketing Plan program in top markets across the country. The WDPC commissioners have decided that it is in the best interest of Washington dairy producers to partner with these other organizations to create a unified marketing effort across the country given that approximately 60-70% of our state's milk is exported out of our state in some form. The Commissioners believe that this partnership is a preferable approach as opposed to duplicating these efforts with a separate effort.
