The purpose of this Amendment is to enable Commerce to continue the momentum in helping reduce the state government regulatory barriers to small Washington businesses providing goods and services. It has been found that reducing such barriers promotes economic growth. This is being accomplished by using Lean principles to reduce the burden of state and local government agency regulation. Lean processes provide the same value with less work/resources. This effort is a response to the Governor's Small Business Executive Order (10-05) directing Commerce to work with the state regulatory agencies to streamline their requirements of small business. This Amendment will also enable Commerce to continue working with additional agencies and to develop Commerce staff to provide these services themselves. This is a performance-based contract. (Note: A no-cost amendment extended the term of this Contract from 7/1/11 through 8/26/11. A copy of this Amendment is attached to this filing).

41142 - 00 Washington State Community Action Partnership

Filing Date: 8/9/2011

The Contractor will provide training, technical assistance and coordination of Community Services Block Grant (CSBG) activities with Commerce. That assistance will include training and technical assistance to the network of 31 Community Action agencies ("CAPs") throughout Washington State. This training is mandated to maintain the federal CSBG funding for Commerce. In 2010 Commerce received \$8,289,492 in federal CSBG funding. This is a performance-based contract.

The purpose of Amendment No. 3 to L&I Contract K951 is to add new funding to the contract for the new biennium and to change the L&I Contract Manager. The dollars have been allocated for additional work on educating the public about unregistered contractors in Washington state and the "Underground Economy. "

The Contractor assists the Communications division on strategic planning, message development and commercial marketing strategies to effectively promote L&I's mission to Keep Washington Safe and Working. The Contractor is currently working with the Communications division on an ad campaign concerning unregistered contractors operating illegally in Washington state. Per the recommendations of the Joint Legislative Task Force on the Underground Economy and implementation of SHB 1555, the department must continue to create a strong marketing strategy to curb the use of unregistered contractors in the construction industry.

The industrial insurance medical and chiropractic advisory committees (IIMAC and IICAC) were formed in July 2007 pursuant to Chapters 51.36.14C and 51.36.150 RCW respectively. Each committee is an independent advisory committee with members nominated by statewide groups, specialties and/or associations and subsequently appointed by the Director of L&I to advise the department on matters related to the provision of safe, effective and cost-effective treatments for injured workers. SSB5801 requires the department to convene an advisory group made up of representatives from or designees of the workers' compensation advisory committee and the industrial insurance medical and chiropractic advisory committees to consider and advise the department related to implementation of this bill, including development of best practices treatment guidelines for providers in the network, including the additional best practice standards for providers to qualify for a second tier within the network. The purpose of this amendment is to extend the period of performance and add funding sufficient for participation on both committees.

The purpose of this amendment is to continue providing faculty support to the Beacon Community of the Inland Northwest (BCIN) in Washington. BCIN supports a large number of eastern WA primary care practices in using health information technology and health information exchange with other health system providers. The goal is to create a regional evidence based approach to diabetes care and make primary care capable of robust care coordination for all adults with Type 2 diabetes in the Spokane Hospital referral region outlined by the Dartmouth Atlas.

Various barriers to the face-to-face training and the participants' desire to use self-paced web based learning instead of traditional classroom approaches drove this change to the approach and the resulting amendment to the statement of work.

The Contractor shall conduct an evaluation of the Washington 21st Century Community Learning Centers (21st CCLC) program. This amendment will add three (3) specific tasks to objective number four of original contract (increase the capacity of grantees to meet their program improvement and evaluation obligations), for an increased cost. The addition of the new tasks will enhance the impact of objective number four, by providing support for using evaluation results for program improvement. The proposed change is within the original scope of work, and will ensure alignment and continuity of evaluation services, timelines, and products.

The Contractor shall also evaluate the implementation of RTI in selected pilot districts and UW-Tacoma host schools. The contractor shall assess the fidelity of implementation of selected sites, including the impact of RTI implementation on the referral rate of students to special education programs, the accuracy rate of referrals to special education, and on student achievement and other measures over time.

41172 - 00	Washington School Principals' Education Foundation 1021 8th Avenue SE Olympia, WA 98501	Federal: \$30,000 State: Other: Total: \$30,000 Current Contract Total: \$30,000
	Sole Source CE - Social Research Services Approved	Start Date: 9/12/2011 End Date: 7/31/2012 Filing Date: 8/26/2011

Contractor shall design and deliver a series of targeted professional development and technical assistance supports to principals serving in roles for the State's lowest performing schools, primarily schools in the Secondary Education and School Improvement MERIT program. Services are intended to develop best practices and increase leadership skills for principals and other building-level staff to ensure the success of students.

The Puget Sound Partnership is at an important point in the Puget Sound recovery effort. Within the next year, the Partnership will be updating the Action Agenda, Biennial Science Work Plan, State of the Sound, developing a performance and accountability IT system, and many other tasks. It is critical that the Partnership is strategic in the way we carry out our work. A facilitated management work session has been identified as an effective way to shape the strategic vision and better hone the work processes of the Partnership. This contract will provide facilitation for that work session.

The purpose of this Contract is to review and synthesize a range of literature in order to answer a series of research questions about the potential effects of harvesting trees from wetlands and road construction and maintenance activities in and adjacent to wetlands in the forested landscape.

The Contractor will assist the Wetlands Scientific Advisory Group (WetSAG) with the development of testable hypotheses on the effects of forest practices on wetland functions. The hypotheses developed will be used for developing Adaptive Management Program research and monitoring projects. The Contractor will also evaluate appropriate variables, associated metrics, and cost-effective procedures that can be used to measure wetland functions and changes to wetland functions.

The President of Bellevue College has announced her retirement for August, 2011. The Board of Trustees has decided to hire a consultant to assist in recruitment of a new President. The objective of this project is for the Consultant to assist the Board of Trustees and its Search Advisory Committee so that the Board will hire the best qualified individual as its next College President. The College is looking for a Consultant who can find an individual who can build on the excellence of the institution with innovations that are necessary to meet the coming challenges in Higher Education. The firm selected for this contract is expected to work closely with the Board of Trustees and the Search Advisory Committee.
