The Office of Superintendent of Public Instruction (OSPI), in partnership with the Department of Community, Trade and Economic Development (CTED), is a recipient of a three-year federal data grant to create a fully web-based program application and reporting system for use by recipients of safe and drug free school funding. The purpose is to improve information and communication systems to promote knowledge exchange and to provide internal and external users with accessible, accurate and timely data. OSPI is seeking a qualified vendor to provide support during the development phase of this project. Tasks will include: 1) documentation of key functionality and prototype design; 2) validation with end users; and, 3) development of system documentation.
