Acquire engineering services to develop preliminary fish passage designs and cost estimates for high priority projects. Engineering services may also be needed once the project is funded to assist local sponsors with implementation. This could potentially cover a number of engineering tasks including but not limited to: preparing bid documents, final design, contractor contract negotiations, construction management, construction supervision and inspection, and guidance on challenging projects.

RCO will send out work orders for specified performance tasks and the contractor shall be paid as the elements of each task are completed and accepted by RCO.
