The purpose of this contract is to hire a contractor to provide examination coordination services for the Structural Engineering Level III licensure examination.

Each October, the Washington Board of Registration for Professional Engineers and Land Surveyors offers the Structural Engineer III examination to qualified applicants in structural engineering. These complex examinations are conducted pursuant to the authority Ch 18.43 RCW and Title 196-12-030 WAC. The exam tests the knowledge, skills and abilities of applicants in structural design, analysis, building codes and seismic loading for buildings and bridges. It must be unique to the state of Washington, its seismic conditions, geology and topography. The effort to create defensible and appropriate test items requires individuals who have broad knowledge in structural principles and design techniques. New examinations must be created each year. The services to be provided under this contract will be the overall coordination of the development and evaluation of a legally defensible examination.

The services to be provided under this contract have been performed by a single contractor for several years as a Sole Source. Although very satisfied with the work of the current contractor, DOL would like to open this work for competition to allow other potential contractors the opportunity to perform this work.

The Washington State Arts Commission (WSAC) is working as a catalyst and a facilitator to increase federal funding for arts organizations and arts initiatives in Washington state. In pursuit of this goal, WSAC intends to build partnerships with selected state leaders and agencies, and to serve as a capacity-building partner for arts organizations, especially smaller and more rural organizations.

The contractor shall, between June 2012 and June 2013, achieve the following project goals:

- Develop partnerships and support the application process for two federal grants: the Institute for Museum and Library Services (IMLS) — Museums for America grant program; and the National Endowment for the Arts (NEA) — Our Town grant program
- Actively pursue relationship-building between WSAC and Washington State Departments of Commerce and Agriculture to identify opportunities for partnership and other funding opportunities that could include arts organizations (in planning or arts service provision)
- Cultivate support from Senator Patty Murray as an ally in these initiatives.
