

Executive Summary

WSCA-NASPO Data Communication
December 2, 2014

WSCA-NASPO competitively bid and awarded a Master Agreement for Data Communications to multiple Vendors. Award was made by category. A total of 26 Vendors were awarded in 11 categories. This WSCA-NASPO Master Agreement replaces the previous agreement in which Washington also participated.

Washington has selectively entered into Participating Addendum (PA) negotiations based on the categories awarded. We are considering agreements with those vendors that were awarded all of the categories historically used by the state. As we do so we are prioritizing those with specific requests from Customers. Data Communications includes a wide variety of products and services that may not be easily transitioned due to the inability and/or cost associated with specific infrastructure requirements within each agency, therefore it is necessary to enter in PA negotiations with multiple awarded Vendors providing multiple products and services.

Revenue for Data Communications products and services in Washington is approximately \$2.5 million each quarter. State agencies and non-state agencies use this contract. Approximately 65% of all sales are generated from non-state agencies. This contract is critical to the IT business and communication functions of all parties using the contract and provides additional value individual entities cannot realize due multiple-state buying power through WSCA-NASPO.

It is recommended that Washington enter into this Participating Addendum to provide Customers the opportunity to choose the products and/or services that best meet their needs. Other PA agreements will most likely follow as we work through the other applicable awarded.

Issues of interpretation and eligibility for participation are solely within the authority of the State Chief Procurement Official.

5. ACQUISITION AUTHORITY

The Washington State Department of Enterprise Services (DES), issues this Request for Qualifications and Quotations (RFQQ or Solicitation) acting under the authority of the Revised Code of Washington (RCW) 39.26 which regulates the manner in which state agencies may acquire services.

6. PARTICIPATING STATE MODIFICATIONS OR ADDITIONS TO MASTER AGREEMENT

6.1. Minority and Women's Business Enterprises (MWBE)

In accordance with the legislative findings and policies set forth in RCW 39.19, the State of Washington encourages participation in all of its contracts by minority and woman-owned businesses firms certified by the Office of Minority and Women's Business Enterprises (OMWBE) or <http://www.omwbe.wa.gov/>. While the state does not give preferential treatment, it does seek equitable representation from the minority and women's business community. In addition, the state welcomes participation by self-identified minority and woman-owned firms and strongly encourages such firms to become certified by OMWBE.

Participation may be either on a direct basis in response to this solicitation or as a subcontractor to a contractor. However, unless required by federal statutes, regulations, grants, or contract terms referenced in the original solicitation, no preference will be included in the evaluation of bids, no minimum level of MWBE participation is required as a condition for receiving an award, and bids will not be evaluated, rejected or considered non-responsive on that basis.

Any affirmative action requirements set forth in federal regulations or statutes included or referenced in the original solicitation will apply. Bidders are encouraged to contact OMWBE for information on becoming a certified firm as set forth in Washington Administrative Code (WAC) Chapters 326-02 and 326-20; or for information on other certified firms for potential sub-contracting arrangements. Nothing in this section is intended to prevent or discourage bidders from inviting participation from non-MWBE firms as well as MWBE firms. Prior to performance, an awarded bidder that is a MWBE or intends to use MWBE subcontractors is encouraged to identify the participating firm(s) to DES.

6.2. Liens, claims and encumbrances

All materials, equipment, supplies and/or services shall be free of all liens, claims, or encumbrances of any kind, and if DES or the purchaser requests, a formal release of same shall be delivered to the respective requestor.

6.3. Contract administration

6.3.1. State contract administrator

DES will appoint a single point of contact that will be the Contract Administrator for this contract and will provide contract oversight. The Contract Administrator will be the principal contact for the

contractor for business activities under this contract. DES will notify contractor, in writing, when there is a new Contract Administrator assigned to this contract.

6.3.2. Administration of term contract

DES may maintain contract information and pricing and make it available on DES's web site. The contract prices are the maximum price contractor can charge. The contractor may also offer volume discounts to purchasers.

6.4. Contractor supervision and coordination

Contractor shall:

- a. Competently and efficiently supervise and coordinate the implementation and completion of all contract requirements specified herein.
- b. Identify the contractor's Authorized Representative, who will be the principal point of contact for DES concerning contractor's performance under this contract.
- c. Immediately notify the Contract Administrator in writing of any change of the designated Authorized Representative assigned to this contract.
- d. Be bound by all written communications given to or received from the contractor's Authorized Representative.

Violation of any provision of this section may be considered a material breach establishing grounds for contract termination.

6.5. Statewide Payee Desk

Contractors must register with the Statewide Payee Desk, maintained by DES, in order to be paid for contract sales. Washington state agencies cannot make payments to a contractor until it is registered. Registration materials are available here: [Receiving Payment from the State](#) or <http://www.des.wa.gov/services/ContractingPurchasing/Business/VendorPay/Pages/default.aspx>.

6.6. Management fee

Contractor will pay a management fee of 0.74 percent to DES on all state contract sales. The management fee must be rolled into the contractor's current pricing, and not shown as a separate line item on an invoice.

DES may increase, reduce or eliminate the management fee, and reserves the right to negotiate contract pricing with the contractor when adjustment of the management fee might justify an increase in pricing. Written notifications of the management fee by DES become effective for new purchases or new change orders to existing purchases 30 calendar days after notification unless DES grants additional time.

The state reserves the right to audit, or have a designated third party audit, applicable records to ensure that the state has been properly invoiced and all management fees have been paid. Failure to accurately report total net sales, to submit a timely usage report, or remit timely payment of the management fee may be cause for contract termination, the charging of interest or penalties, or the exercise of other remedies provided by law.

For each report, contractor must identify every purchaser who has made purchases during the reporting period. Refer sales reporting questions to the Contract Administrator.

Failure to provide reports in accordance with the schedule above may be cause for contract termination.

DES may require the contractor to provide a detailed annual contract sales history report. This report, if requested, will include at a minimum, but is not limited to: product description, part number or other product identifier, per unit quantities sold, and contract price. This report must be provided to DES in an electronic format that can be read by MS Excel. Unless the solicitation specifies otherwise, all other required reports will be designed and approved by the parties by mutual agreement.

6.9. Common vendor-registration and bid-notification system

Contractor shall be registered in Washington's Electronic Business Solution (WEBS) or <http://www.des.wa.gov/services/ContractingPurchasing/Business/Pages/WEBSRegistration.aspx>, the state's common vendor-registration and bid-notification system. DES reserves the right to require receipt of proof of compliance with any of the requirements in this section within 10 calendar days from the date of request, and to terminate this contract as a material breach for noncompliance with any requirement of this paragraph. Contractor shall maintain compliance with these requirements throughout the life of this contract.

Payment(s) made in accordance with contract terms shall fully compensate the contractor for all risk, loss, damages or expense of whatever nature and acceptance of payment shall constitute a waiver of all claims submitted by contractor.

Payment for materials, supplies and/or equipment received and for services rendered shall be made by purchaser and be redeemable in U.S. dollars. Unless otherwise specified, the purchaser's sole responsibility shall be to issue this payment. Any bank or transaction fees or similar costs associated with currency exchange procedures or the use of purchasing/credit cards shall be fully assumed by the contractor.

Note: when the state has been overcharged or otherwise reimbursed, the purchaser may elect to have either direct payments or written credit memos issued. If the contractor fails to make timely payment(s) or issuance of credit memos, the purchaser may impose a 1% per month on the amount overdue 30 days after notice to the contractor.

6.11.3. Invoicing and discounts

Contractor must provide a properly completed invoice to purchaser. All invoices are to be delivered to the address indicated in the purchase order.

Each invoice must be identified by the associated contract number; the contractor's statewide vendor registration number assigned by the Washington State Office of Financial Management (OFM), the applicable purchaser's order number, and must be in U.S. dollars. Invoices must be prominently annotated by the contractor with all applicable prompt payment and/or volume discount(s) and shipping charges unless otherwise specified in the solicitation.

Invoices for payment will accurately reflect all discounts due the purchaser. Invoices will not be processed for payment, nor will the period of prompt payment discount commence, until receipt of a properly completed invoice denominated in U.S. dollars and until all invoiced items are received and satisfactory performance of contractor has been accepted by the purchaser. If an adjustment in payment is necessary due to damage or dispute, any prompt payment discount period shall commence on the date final approval for payment is authorized.

6.12. Taxes, fees and licenses

6.12.1. Taxes

Where required by statute or regulation, the contractor shall pay for and maintain in current status all taxes that are necessary for contract performance. Unless otherwise indicated, the purchaser agrees to pay State of Washington taxes on all applicable materials, supplies, services and/or equipment purchased. No charge by the contractor shall be made for federal excise taxes and the purchaser agrees to furnish contractor with an exemption certificate where appropriate.

6.12.2. Collection of retail sales and use taxes

In general, contractors engaged in retail sales activities within the State of Washington are required to collect and remit sales tax to Department of Revenue (DOR). In general, out-of-state contractors must collect and remit "use tax" to Department of Revenue if the activity carried on by the seller in the State of Washington is significantly associated with contractor's ability to establish or maintain a market for its products in Washington. Examples of such activity include where the contractor either directly or by an agent or other representative:

- Maintains an in-state office, distribution house, sales house, warehouse, service enterprise, or any other in-state place of business;
- Maintains an in-state inventory or stock of goods for sale;
- Regularly solicits orders from purchasers located within the State of Washington via sales representatives entering the State of Washington;
- Sends other staff into the State of Washington (e.g. product safety engineers, etc.) to interact with purchasers in an attempt to establish or maintain market(s); or

6.12.3. Department of Revenue registration for out-of-state contractors

Out-of-state contractors meeting any of the above criteria must register and establish an account with the Department of Revenue. Refer to WAC 458-20-193, and call the Department of Revenue at 800-647-7706 for additional information. When out-of-state contractors are not required to collect and remit "use tax," purchasers located in the State of Washington are responsible for paying this tax, if applicable, directly to the Department of Revenue.

6.12.4. Fees/Licenses

After award of contract, and prior to commencing performance under the contract, the contractor shall pay for and maintain in a current status any licenses, fees, assessments, permit charges, etc., which are necessary for contract performance. It is the contractor's sole responsibility to maintain licenses and to monitor and determine any changes or the enactment of any subsequent regulations for said fees, assessments, or charges and to immediately comply with said changes or regulations during the entire term of this contract.

6.12.5. Customs/Brokerage Fees

Contractor shall take all necessary actions, including, but not limited to, paying all customs, duties, brokerage, and/or import fees, to ensure that materials, supplies, and/or equipment purchased under the contract are expedited through customs. Failure to do so may subject contractor to liquidated damages as identified herein and/or to other remedies available by law or contract. Neither DES nor the purchaser will incur additional costs related to contractor's payment of such fees.

6.12.6. Taxes on invoice

Contractor shall calculate and enter the appropriate state and local sales tax on all invoices. Tax is to be computed on new items after deduction of any trade-in in accordance with WAC 458-20-247.

6.12.7. Overpayments to contractor

Contractor shall refund to purchaser the full amount of any erroneous payment or overpayment under this contract within 30 days' written notice. If contractor fails to make timely refund, purchaser may charge contractor 1 percent per month on the amount due, until paid in full.

The Service Provider will make the state of Washington's data and processes available to third parties only with the express written permission of the state.

6.15. Location of Data Storage

The Service Provider shall not store or transfer state of Washington data outside of the United States.

6.16. Return of Data

In the event of termination of the Contract, the Service Provider shall implement an orderly return of state of Washington assets and their subsequent secure disposal. During any period of suspension, the Service Provider will not take any action to intentionally erase any state of Washington Data.

6.17. Security of Data

The Service Provider must inform the state of Washington of any security breach or detection of any suspicious intrusion that is or has occurred that jeopardizes the state of Washington data or processes. This notice must be given to the state of Washington within 24 hours of its discovery. Full disclosure of the assets that might have been jeopardized must be made. In addition, the Service Provider must inform the state of Washington of the actions it is taking or will take to reduce the risk of further loss to the state. If the breach requires public notification, all communication shall be coordinated with the state of Washington.

The Service Provider shall: ensure that state information is protected with reasonable security measures, promote and maintain among the Service Provider's employees and agents an awareness of the security needs of the state's information, safeguard the confidentiality, integrity, and availability of state information and ensure that appropriate security measures are put in place to protect the Service Provider's internal systems from intrusions and other attacks.

The Service Provider shall not utilize any staff (including sub-contractors) to fulfill the obligations of the Contract who has been convicted of a felony or class A misdemeanor.

The Service Provider will not access state of Washington User accounts, or state of Washington Data, except (i) in the course of data center operations, (ii) response to service or technical issues or (iii) at state of Washington's written request.

The Service Provider must encrypt all non-public data in transit to the cloud. In addition, the Service Provider will comply with the ISO/IEC 27001 standard for information security management systems, providing evidence of their certification or pursuit of certification.

Service Provider will protect Category 1 and Category 2 data.

Contractor will cover the costs of response and recovery from a data breach. Agency will recover all breach costs from Contractor.

6.18. Additional Roles

The Service Provider shall disclose to the state of Washington a description of their roles and responsibilities related to electronic discovery, litigation holds, discovery searches and expert testimonies. The provider shall disclose its process for responding to subpoenas, service of process and other legal requests.

7. INDEMNIFICATION

Contractor, at its expense, shall defend, indemnify, and save DES and Purchaser harmless from and against any claims against DES or Purchaser that any Product supplied hereunder, or Purchaser's use of the Product within the terms of this Contract, infringes any U.S. patent, copyright, trade secret, trademark, or

other similar proprietary right. Contractor shall pay all costs of such defense and settlement and any penalties, costs, damages and attorneys' fees awarded by a court provided that DES or Purchaser:

- a) Promptly notifies Contractor in writing of the claim, but DIS' or Purchaser's failure to provide timely notice shall only relieve Contractor from its indemnification obligations if and to the extent such late notice prejudiced the defense or resulted in increased expense or loss to Contractor; and
- b) Cooperates with and agrees to use its best efforts to encourage the Office of the Attorney General of Washington to grant Contractor sole control of the defense and all related settlement negotiations.

If such claim has occurred, or in Contractor's opinion is likely to occur, DIS and Purchaser agree to permit Contractor, at its option and expense, either to procure the right to continue using the Product or to replace or modify the same so that they become non-infringing and functionally equivalent. If use of the Product is enjoined by a court and/or Contractor determines that none of these alternatives is reasonably available, Contractor, at its risk and expense, will take back the Product and provide Purchaser a refund. In the case of Product, Contractor shall refund to Purchaser its depreciated value. No termination charges will be payable on such returned Product, and the Purchaser will pay only those charges that were payable prior to the date of such return. Depreciated value shall be calculated on the basis of a useful life of six (6) years commencing on the date of purchase and shall be an equal amount per year over said useful life. The depreciation for fractional parts of a year shall be prorated on the basis of three hundred sixty-five (365) days per year. In the event the Product has been installed less than one (1) year, all costs associated with the initial installation paid by Purchaser shall be refunded by Contractor.

Contractor has no liability for any claim of infringement arising solely from:

- a) Contractor's compliance with any designs, specifications or instructions of Purchaser;
- b) Modification of the Product by Purchaser or a third party without the prior knowledge and approval of Contractor;
- c) Use of the Product in a way not specified by Contractor; or,
- d) Use of the Product with equipment not supplied by Contractor;
