## ACHIEVING ENERGY EFFICIENCY IN STATE BUILDINGS

December 2013

<b>Agency Name:</b>	Department of Social and Health Services
<b>Agency Point of Contact:</b>	Terri Sinclair-Olson
<b>Point of Contact Title:</b>	Chief, Office of Capital Programs
<b>Telephone Number:</b>	360-902-8160
<b>E-mail Address:</b>	Terri.sinclair-olson@dshs.wa.gov

Describe benchmarking, metering, audits, and energy retrofits completed by the agency in 2013 to meet the requirements of EO 12-06:

- Completed investment grade audits at the Echo Glen Children's Center, Green Hill School, Naselle Youth Camp, Rainier School, Fircrest School, the Special Commitment Center Pierce County and Lakeland Village.
- Implemented Energy Service Performance Contracts at Western State Hospital and Lakeland Village.
- Completed energy efficiency measures via ESCO performance contracts at Western State Hospital (lighting upgrades).
- Replaced light fixtures at Green Hill School dining facilities and portions of the parking lot with energy efficient and low maintenance LED fixtures.
- Replaced chiller and condenser at Rainier School kitchen with energy efficient and low water usage equipment.
- Replaced commercial dishwasher and old freezers at Yakima Valley School with energy efficient and low water usage equipment.
- Replaced commercial dryer with energy efficient equipment & controls at Yakima Valley School.
- Retrofitted lighting at the Naselle Youth Camp living units with energy efficient and low maintenance LED fixtures.
- Replaced the disinfection equipment at the wastewater plant with new power saving equipment, replaced the wall heaters in the visitor center with a ductless heat pump system, and replaced 600 gallon electric water heater with 3 high efficiency propane water heaters at Naselle Youth Camp.

Executive Order 12-06 Reporting Form

**Describe benchmarking, metering, audits, and energy retrofits that the agency plans to implement in 2014 to meet the requirements of EO 12-06:**

- **Implement ESCO performance contracts at Rainier School, Fircrest School and the Echo Glen Children's Center.**
- **Implement ESCO performance contracts at Yakima Valley School if found to be financially feasible.**
- **Pursue energy grant opportunities with the Department of Commerce.**
- **Review all institutional campuses for energy savings opportunities and request funding in the 2015-17 capital budget.**
- **Implement Print Management Services across the agency to replace existing copiers, printers, and scanners with Energy Star equipment.**
- **Seek to hire a Resource Conservation Manager for the Department.**

**Describe how the agency used Energy Star Portfolio Manager benchmarking in lease negotiations for new or renewed leases in 2013:**

- **DSHS is currently contracted with WSU Plant Operations Support Consortium to develop fully Portfolio Manager data with data secured from utilities supporting leased facilities.**

**Describe actions that will be taken to save energy through operational changes and continuous monitoring using Portfolio Manager in 2014:**

- **DSHS is currently contracted and working in conjunction with WSU Plant Operations Support Consortium to secure utility data for each facility campus.**

**NOTE:**

**DSHS operates numerous campuses with hundreds of free-standing buildings, such as housing units, that are not metered for individual energy usage. Portfolio Manager is designed to be building-specific, which means DSHS would need to install meters on more than 500 buildings statewide to populate Portfolio Manager with accurate data.**

Executive Order 12-06 Reporting Form

**The Department's preference is to submit an energy score for an entire campus. In this way, accurate information can be submitted without causing undue expenses and workarounds for DSHS or fabricating building-specific energy data where none exists.**
