

Washington Utilities with more than 25,000 Customers					
Utility Name	Number of Consumers*	Contact Name	Contact Phone	Contact Email	How to get Automated Benchmarking Services
Electricity					
Avista Corporation	228,758	Leona Doege	509-495-4289	leona.doege@avistacorp.com	The process is self service. Begin by creating an account with Energy Star and inputting all pertinent building information as well as the meter number as it is represented on your Avista bill. Then from the Automated Benchmarking Service link, select Avista from the drop-down menu. We respond to the initial requests daily Monday – Friday, and upload energy usage monthly thereafter. For more detailed instructions, please visit our website at http://www.avistautilities.com/business/benchmarking/Pages/default.aspx .
