

## Print Management Rules to receive further revision, comment period extended

The Department of Enterprise Services (DES) is filing a supplemental notice to extend the comment period based on the comments received.

### Stakeholder meeting and new public hearing also to be held

The Department of Enterprise Services (DES) is filing a supplemental notice to extend the comment period based on the comments received. After considering the comments, the agency determined changes to the proposed rule language and guidelines are needed. Here are some key dates in the process:

**Oct. 29, 2014:** DES will revise the draft rule and guidelines and then hold an Oct. 29 stakeholder meeting to get input on the further revisions.

**Nov. 19, 2014 to Jan. 6, 2015:** There will be another opportunity for formal public comment.

**Jan. 6, 2015:** A public hearing will be held as part of the extended comment period.

Please see our [timeline](#) for other key dates in the process.

We appreciate your valuable feedback as we continue to work toward completion of this process. DES encourages stakeholders to continue to share feedback on the upcoming proposed changes during the next stakeholder meeting as well as the comment period.

Please see [Managing State Print Operations](#) on the Enterprise Services [rule making page](#) for more information.

If you have questions, please contact [Jack Zeigler](#), Policy and Rules Manager, (360) 407-9209
