SUBJECT: 1033 Program Compliance Review (PCR)

In accordance with the DLA/State of Washington Memorandum of Agreement dated February 12, 2014 a Program Compliance Review (PCR) was conducted on the State of Washington 1033 Program Office and received a rating of COMPLIANT.

Over 11,722 line items of Controlled Property have been transferred to your State, with an Original Acquisition Value of \$20,945,358.57. The PCR was conducted February 9-13, 2015 by a DLA Disposition Services J412 Law Enforcement Support Office (LESO) Western Team consisting of Ms. Julie Cassada, and Mr. Michael Smith. DLA Disposition Services is a field activity of DLA and has program management responsibilities for the 1033 Program as delegated by the Office of the Secretary of Defense.

State of Washington personnel conducted themselves professionally during the course of this review. The DLA Disposition Services LESO PCR Team visited twenty-three (23) State of Washington Law Enforcement Agencies (LEAs) in addition to the detailed review of the State Office. Each LEA was honest and forthright during this PCR. The State 1033 Program Office and each of the selected LEAs were motivated, knowledgeable, and enthusiastic about the 1033 Program. The next PCR is tentatively scheduled for February 2017.
