DUE DATE AND TIMELINE

IT CONTRACT REPORTING

The IT Contracts Report is required by a proviso in section 148(4) [2021-23 Supplemental Operating Budget](#). The proviso requires DES to receive, compile, and submit all state agency IT contracts each year to the legislative fiscal committees.

To meet this requirement, all state agencies and higher education institutions must annually submit a list of their IT contracts to DES.

An IT Contract is a contract for a good and/or service that falls under one of the [IT Towers](#) or meets the definition of IT under [RCW 43.105.020 sections 6 thru 9](#).

IT CONTRACT REPORTING

Agency's reports must be accepted by September 1 in order to be included in the Oct. 31 legislative submission. Late reports will not be accepted.

We cannot accept reports that contain errors. To ensure your report is accepted by the deadline, please submit it (2 days) before Sept. 1.

Your agency will receive an email notification when we've accepted your report.

COMMUNICATION UPDATE

This year, general communications from our team will be sent via GovDelivery.

Communications:

- June 15 – First bulletin
- July 5 – Second bulletin
- July 10 – Training reminder
- August – Weekly reminders (5 total)

With GovDelivery, everyone on our recipient list will receive the reminders, whether their report has been accepted or not.

The screenshot shows an email header with the DES logo and the text "Washington State DEPARTMENT OF ENTERPRISE SERVICES". The main heading is "IT Contracts Reports due Sept. 1". The body text states: "State agencies and higher education institutions must report their active IT contracts for the previous fiscal year to DES by **Friday, Sept. 1**." It further explains that the annual report is required by a proviso in section 148(4) of the 2021-23 Supplemental Operating Budget, and that reports must be submitted by Oct. 31. A key instruction is: "DES must receive and accept agencies' reports by Sept. 1 to be included in the final report to the Legislature." A bulleted list provides additional instructions: "The instructions for [how to submit your report](#) are on our website." and "To assist you with successfully submitting a complete report, we are offering a training session on July 12 from 10 - 11 a.m." with sub-points: "Join the meeting", "Meeting ID: 219 964 292 81", and "Passcode: R2DeFC". A footer section includes "Reporting IT Contracts instructions, training session (des.wa.gov)", contact information for the DES Contracts & Procurement | Business Operations Team (email: desitcontractsreporting@des.wa.gov, phone: 360.407.2214), and a dark blue footer bar with links for "Accessibility | Manage Subscriptions | Help | Contact Us" and social media icons for Twitter, Facebook, YouTube, LinkedIn, and Messenger.

IT STATEWIDE CONTRACT DATA

DES will post spend data on the [IT web page](#) for statewide IT contracts by Aug. 4.

We wait to post the data at the beginning of August because April, May, and June sales are not due from vendors until July 31.

Each agency must confirm the spend data is correct and submit the sales along with the remainder of their report.

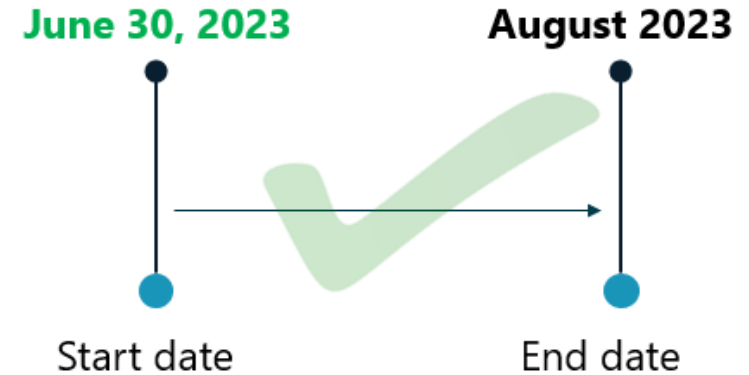

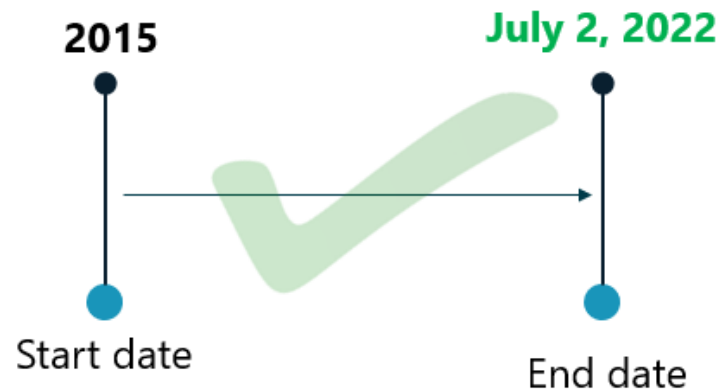

You can refer to the data set on [data.wa.gov](#) to utilize spend and tower data from your previous report.

REPORTING PERIOD

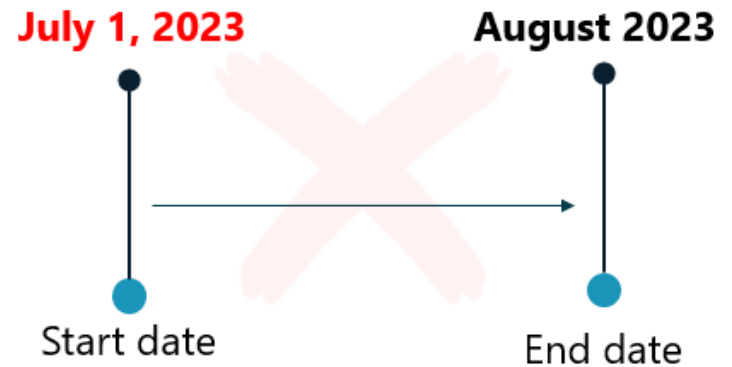

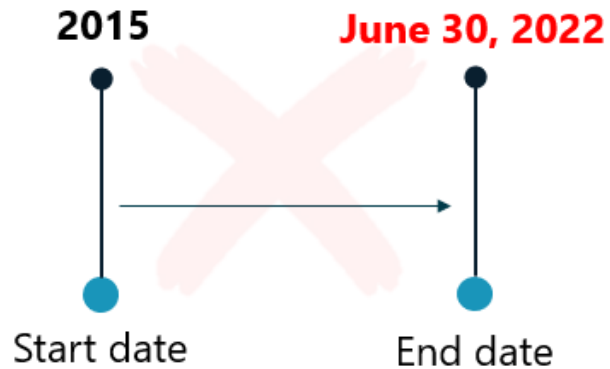

The proviso requires agencies to provide a snapshot of their active IT contracts as of June 30 of the reporting year and any contract that was active as of July 1 of the previous reporting year.

This means any IT contract that was active during fiscal year 2023 (July 1, 2022 – June 30, 2023) must be included in the 2023 report.

TEMPLATE REVIEW

- **Agency Number/Name:** Use the drop-down menu to select your entity from the drop-down list, then you can use copy and paste to fill in the remainder of rows for the Agency Number and Name column.
- **Contract Number:** A list of statewide contract numbers with start and end dates are provided on the Statewide Contracts tab of the template. When a statewide contract number is keyed in the following fields will auto fill:
 - Cooperative Purchase (column E)
 - Cooperative Type – If applicable (column F)
 - Purchased through statewide contract? (column G)
 - Start date and end date (columns H and L)
 - Fiscal Year Start and End (columns K and O)
 - IT Towers (columns Q-AB)

TEMPLATE REVIEW

- **Contractor Name:** Search the Contractor Names tab of the template to ensure the correct contractor's name is being used. The cell will highlight orange if the contractor's name does not match or does not appear on the Contractor Names tab of the template. If a new contractor is being added, the field will remain orange.
- **Contract Amounts:** The required FY contract amount columns will highlight orange. Amount reported outside the term will highlight red and will need correction or an explanation.
 - Fill in the "Explanation of Contract Amount" column for active fiscal years that are zero, blank, or outside of the contract term.
 - Estimate the spend for future fiscal years.
