

Procurement Services Customer List

Revised: 9/1/2021

Small agencies (defined as executive branch agencies, boards, and commissions that are subject to RCW 39.26, and have less than 100 employees) will qualify to receive the new procurement services.

Below is the list of agencies identified for our initial phase using data from OFM's website. In addition, we are including agencies that have had their delegation of procurement authority suspended. After the initial phase (approximately 1 year), we plan to reassess the program and make any necessary adjustments to the list of customers.
