To whom it my concern,

I would like to officially submit my application for consideration to be seated as a member of the Project Review Committee for the Specialty Subcontractor position.

As a 32-year union sheet metal worker, I have gained experience in the construction industry at many levels. Starting as an apprentice and working my way to detailing projects and then to driving projects as the Foreman and Superintendent. Since 2018, I have been an integral part of over 10 qualifying GC/CM projects, with the largest one being Highline High School where I was in the role of Superintendent and Project Foreman.

Thank you for your consideration,
