To whom it may concern,

I, Kevin Thomas Business Representative of SMART Local 66, would like to officially submit my application to renew my position as a member of the Project Review Committee for the Construction Trades position.

As a member of the Project Review Committee since 2022 I have had the opportunity to learn RCW 30.10 and how public agencies utilize alternative delivery methods for capital projects. I have read and revised the best practices for Design-Build and GC/CM delivery methods. I've become better familiar with the differences between the delivery methods and when they are best applied to specific projects. I've enjoyed my time working with the PRC and look forward to the opportunity to continue to serve the citizens of the state of Washington in this capacity.

Thank you for your consideration

Kevin Thomas
