Attn: Talia Baker & Project Review Committee
Re: PRC Committee Letter of Interest

To Whom It May Concern:

My name is Mallorie Davies, and I am the State Regulatory and Policy Coordinator for the Washington and Northern Idaho District Council of Laborers. I have been a member of the Project Review Committee since 2021 and have thoroughly enjoyed my opportunities to represent the construction trades. I am writing today to express my interest in renewing my position as a member of the PRC.

As a member of the PRC, I have had the opportunity to learn RCW 30.10, how it impacts public agencies abilities to utilize alternative contracting methods and becoming better familiarized with those alternative methods myself. While each committee member serves distinct avenues of building and constructing major projects, I have enjoyed advocating for portions of projects related to the construction trades such as utilizing apprenticeships, engaging in community workforce agreements and discussing different pathways for worker recruitment.

I am hopeful for the opportunity to further my understanding and ability to advocate for the regulations in RCW 30.10 and for the ability to continue to represent the construction trades in these applications. Thank you for your time and consideration.

In Solidarity,
