PRC@des.wa.gov
Attn: Talia Baker, CPARB/PRC Program Specialist

Re: Letter of Interest
Project Review Committee
Owner - State Representative Position

Dear Ms. Baker and CPARB Members:

Thank you for your consideration to serve a third term on the Project Review Committee (PRC) as an Owner – State Representative. I am currently serving my second term on the PRC and have been the Owner - State Representative since July 2020. In addition to serving on the PRC, I have served as the Co-Chair of the CPARB/PRC Project Process Feedback Workgroup and a representative of the CPARB Subcontractor Bid Listing Policy Evaluation Committee.

I have been employed by the Department of Enterprise Services since 2015. During that time, I have been actively involved in alternative public works delivery methods in accordance with RCW 39.10 and have managed several projects including both Design-Build and GC/CM delivery methods. Projects include:

- Performing Arts Building, Columbia Basin College – Design-Build (pending)
- Tri-Cities Readiness Center, Washington Military Department – Design-Build
- Student Recreation Center, Walla Walla Community College – GC/CM
- East Plaza Parking Garage Improvements, Department of Enterprise Services – GC/CM

As a project manager with the Department of Enterprise Services, I work on behalf various community colleges and state agencies assisting them through facility design and construction. This includes budgeting, contracting, general project management assistance, compliance with state and federal laws and requirements, and navigating the public works process. It is also my responsibility to advise client agencies on determining the most appropriate project delivery method for specific projects.

My background in the construction industry spans over 30 years working in both the public and the private sector. Most of that time has been spent as a project manager representing owners. I have worked for several large and small public agencies, and as a private consulting engineer representing public agencies and private sector clients.
