RE: Project Review Committee – Owner/City Position

Dear Board Member,

Please consider me for the open Owner/City Position on the Project Review Committee of the Capital Project Advisory Review Board. Over the past 3 years as City Engineer for the City of Oak Harbor, I have helped shepherd the City's new wastewater treatment plant through the GC/CM process. In addition I have over 20 years of experience in both the public and private sector. I believe that my experience with the City's current GC/CM project will be valuable in helping others navigate the GC/CM delivery method.
