Capital Projects Advisory Review Board

RE: Project Review Committee Application – Owner’s Representative for Higher Education

Dear Ms. Baker and the CPARB Committee Members,

I would like to submit my letter of interest to serve on the Project Review Committee as a Representative of the Owners of Higher Education. I have been an Owner’s Representative for the majority of my 29 year career, the last 15 years at Washington State University. I have extensive experience in the Alternative Delivery methods, managing both GC/CM and Design Build projects. I am a certified Design Build Professional, DBIA # D-2513, and a licensed architect.

My experience in Alternative Delivery methods at WSU include the following projects:

- GC/CM – Martin Stadium Phase 1 & 2 Renovation
- GC/CM – Olympia Avenue Student Housing
- GC/CM – Community Duncan Dunn Residence Hall Renovation
- DB – Northside Residence Hall
- DB – Global Scholars Residence Hall
- DB – Chief Joseph Apartments
- DB – Everett Academic Building
- DB – The Spark – Digital Classroom Building - National 2018 DBIA awards
- DB – Terre View Research Facility Relocation
- DB – Global Animal Health Phase 2
- DB – Tri-Cities Academic Building

In my 29 years as a project manager, I have been guided by an underlying desire to create successful teams in both traditional and alternative procurement. Most recently I have also been critical in WSU's role in shaping the development of DB best practices in the state of Washington.

With my experience in numerous alternative procurement processes (GCCM and DB) I know what a successful project team looks like. I am uniquely qualified to assess the qualifications of team members, including public owners, in using the Alternative Delivery methods as offered in RCW 39.10. I appreciate your consideration in my application.

Respectfully,

Louise A Sweeney
Project Manager Lead
Washington State University
