

Path to Achieving Equity in State Contracting and Procurement

Strategies for Public Works and
Goods & Services
purchasing programs:

[Disparity Study recommendations
summary chart](#)

Progress is defined as:

- Increasing small and diverse business participation in Goods & Services Master Contracts
- Expanding small and diverse business participation in Public Works contracting
- Implementing Disparity Study recommendations
- Improving data reporting, collection and management
- Establish and update goods and services procurement policies to support supplier diversity
- Update and provide training (internal and external)

Public Works
