The Washington State Legislature, via proviso in ESSB 6444, appropriated funding specifically for consultation, training, and technical assistance to Regional Support Networks in rural areas. The Department of Social and Health Services intends to contract with MTM Services (Contractor) to provide technical assistance to the North Central Regional Support Network and Chelan Douglas Regional Support Network. The Contractor's consultation will focus on the following areas:

Assistance with budgeting and tracking of Medicaid and non-Medicaid funds to ensure Medicaid funds are only being used for Medicaid services
 Assistance to Regional Support Networks on strategies for providing effective oversight of provider encounter data reporting and development of reports that will facilitate measurement

Assistance to Regional Support Networks and providers on strategies for meeting the specific challenges of delivering services in sparsely populated areas

The Department of Social & Health Services has and continues to provide technical assistance to the Regional Support Networks. However, the legislature has decided that outside consultation is needed for the frontier counties to help mitigate the specific challenges of delivering services in sparsely populated areas. If this exemption is not approved, the Department of Social and Health Services would lose the funding appropriated under ESSB 6444, which must be used by June 30, 2011.

This contract is considered critically necessary and was approved by DSHS Secretary Susan Dreyfus.
