The purpose of the original Contract was to facilitate meetings with a workgroup of business, labor and L&I representatives. This group met at the request of the Governor. The work group identified key policy changes to submit for the 2011 legislative session. The work group consisted of five members representing the business community, five members representing labor, and three members representing the department. The meetings were expected to conclude by September, however, the meetings concluded in December.

The hours necessary for the Contractor to provide meeting planning, debriefing and coordination efforts varied for each workgroup meeting. The purpose of this Amendment is to increase the contract value by \$1,870 to pay for these services rendered by the Contractor.

This amendment has been approved by L&I's Director, Judy Schurke. L&I would like to request an exemption to the freeze pursuant to ESHB 2921 as documented in the attached PSC Freeze Exemption Request Form.
