

Personal Protective Equipment (PPE) and Infection Control Products Purchased (grouped by product)

Updated 01/04/2021

The State of Washington is seeking to fill shortages of specific personal protective equipment (PPE) and infection-control products to support our medical system, first responders, public health and care facilities. The Department of Enterprise Services is placing orders on an ongoing basis. Below is a list of products (and the vendors from which) DES has purchased:
