Request for Proposal for GC/CM Services
Shoreline College - Health Sciences Advanced Manufacturing Classroom Complex
Department of Enterprise Services
Project Number 2018-102

1.0 INTRODUCTION

The Department of Enterprise Services (DES) will be accepting proposals from experienced firms to provide General Contractor/Construction Manager (GC/CM) services for Shoreline College - Health Sciences Advanced Manufacturing Classroom Complex, project number 2018-102. DES intends to award a construction contract using a competitive negotiation process authorized by RCW 39.10 described more fully below.

DES has determined that this project meets the criteria established in RCW 39.10.340 for use of the GC/CM procedure. Among the most important factors in this determination is the critical importance of having the contractor involved during the design phase. The project involves demolition of existing buildings two separate buildings and phased site work at an occupied college campus which must continue to operate during construction with minimal disruption to daily services. During the design phase of the project, the GC/CM will provide: detailed construction scheduling; input into procedures and specifications; input into design constructability issues; coordination of contract documents; construction logistics planning; detailed cost estimates; and investigation of existing conditions. If necessary to help meet the overall project schedule, the GC/CM may be authorized to bid out and start construction early on subcontract bid packages before all project construction documents are 100% complete.

The selection process will consist of two phases:

1. **PHASE ONE** Consists of the submittal of a proposal which will be evaluated in accordance with the criteria set forth in Section 9 of this Request for Proposal (RFP). These proposals will be used to select a short-list of a minimum of three of the most highly qualified firms. The short-listed firms will proceed to Phase Two.

2. **PHASE TWO** Consists of an interview, and the submittal of a Final Proposal which will contain in a sealed bid: the Percent Fee stated as a percentage of the advertised Maximum Allowable Construction Cost (MACC), and a fixed amount for the detailed Specified General Conditions Work. The selection criteria for Phase 2 is set forth in Sections 11 and 12 of this RFP.

The firm with the highest total score including the bid submitted and the other factors set forth herein will be selected to provide preconstruction services and for MACC negotiations. If the parties cannot agree on a MACC as described in Section 5.0, the negotiations will be terminated and DES reserves the right to begin negotiations with the next highest scoring firm. All costs incurred by firms choosing to participate in this RFP process shall be borne by the proposing firms.
All provisions of this RFP will become a part of the GC/CM contract. The GC/CM’s written response to the RFP will also become a part of the GC/CM contract.

2.0 PROJECT DESCRIPTION

2.1 Project Outline

The Health Sciences and Advanced Manufacturing Classroom Complex (HSAMCC) replaces five existing buildings with the construction of a new 55,000 sf Health Sciences Building and a stand alone 15,000 square foot Manufacturing Building. The HSAMCC will meet the broad needs of the college, providing state-of-the-art, multipurpose instructional space. The project accommodates projected enrollment while integrating collaboration spaces, faculty offices, laboratories, student study, and breakout spaces. The HSAMCC will follow best practices for flexible learning spaces, creating efficient facilities serving more students with fewer resources. The project will consolidate programs more closely together to share spaces and resources to encourage collaboration and collective ownership. Visual connections between spaces will encourage cross disciplinary learning and strengthen the informal educational environments.

2.2 Project Scope

The proposed project meets State Board for Community and Technical Colleges (SBCTC) criteria for new facilities, and will provide a building with a minimum 50-year life cycle. It will have the spaces, building systems and technological infrastructure appropriate for contemporary instructional buildings. The buildings will be constructed with durable materials and sustainable building systems to reduce life-cycle costs and reduce environmental impact. Site elements and infrastructure elements will improve the overall campus stormwater system and will improve life safety and emergency access to the central campus.

The proposed project will:

- Support the vision of the SCC Master Plan. It will enhance and expand existing campus open spaces and provide additional secondary benefits to the adjacent campus buildings, environment and overall campus infrastructure.
- Include parking lot re-development surrounding the buildings as well as reconfiguration of the Greenwood lot to accommodate stormwater infrastructure in support of the project. These lots are expected to meet the Sustainable Sites initiative guidelines for stormwater management and landscaping.
Request for Proposal for GC/CM Services
Shoreline College - Health Sciences Advanced Manufacturing Classroom Complex
Department of Enterprise Services
Project Number 2018-102

- Reroute and reconfigure utility connections in support of the building footprints and future development needs. This re-configuration may also provide an efficiency benefit to the overall campus infrastructure.
- Accommodate code required fire access/ fire lane
- Incorporate site enhancements related to grading design.
- Enhance the College grounds to provide community-oriented exterior learning environments.

2.3 Estimated MACC:

The estimated MACC (maximum allowable construction cost) for the project is $29,221,138.

3.0 SCHEDULE

The following is the current planned schedule for project events.

3.1 Design and Construction

April 2018 to September 2018  Schematic Design
September 2018 to January 2019  Design Development
January 2019 to July 2019  Construction Documents
February 2019 to January 2020  Building Permits
July 2019  Start Construction
July 2019 to November 2019  Phase 1 – early Site Work
Bidding and Construction
January 2020 to April 2020  Phase 2 – Lab Building
Bidding and Construction
November 2020 to April 2021  Phase 3 – Manufacturing Building
April 2021 to June 2021  Punch list and final commissioning
August 2021  Occupancy
3.2 GC/CM Selection Process Schedule

- May 21, 2018: Publication of Request for Proposal for GC/CM Services (RFP)
- May 29, 2018: Project Informational Meeting (see Section 6.0)
- June 18, 2018: Submittal deadline from interested GC/CM firms
- June 27, 2018: Notification of qualified (Short-listed Firms) selected to be interviewed
- July 10, 2018: Interviews
- June 11, 2016: References due for Short-listed Firms
- July 13, 2018: Selection of firm with the highest total score
- July 13 or 16, 2018: Notification of successful and unsuccessful firms
- July 23, 2018: Preconstruction Work Plan due
- Mid-August 2018: Contract for Preconstruction Services executed

4.0 SCOPE OF GC/CM SERVICES

The GC/CM will work collaboratively and proactively with the Owner and Architect to proceed with planning, design and development of the work in a manner that supports the Owner’s efforts to keep costs within the Owner’s budget. The GC/CM shall provide Construction Management (CM) services throughout the project, from the preconstruction period through construction and shall closely coordinate such work with the Architect and Owner. The GC/CM shall provide CM services, including but not limited to:

- Assistance in identifying safe work practices and requirements for construction.
- Assessing and recommending site logistics requirements.
- Recommending phasing, sequencing of work and construction scheduling.
- Providing cost-estimating including MACC Negotiated Support Services budgeting.
- Determining and reconciling constructability issues and performing constructability analysis of the design documents prior to subcontract bidding.
- Assessing alternative construction options for cost savings.
- Identifying products for Value Engineering (VE) and engineering systems for life cycle cost design considerations and recommending all work necessary to support their implementation.
• Participating in Owner's design and construction documents phases and coordination reviews.

In addition, the GC/CM must be familiar with the local labor and subcontracting market and be capable of working with subcontractors to generate viable pricing alternatives. The GC/CM shall provide full general contracting services for construction of the project in accordance with the requirements of the contract documents and RCW 39.10.340 through 39.10.410, except to the extent work is specifically indicated in the contract documents to be the responsibility of others.

During preconstruction, design and construction phases the GC/CM actively shall participate as a member of the project team with the Owner and the Architect. The GC/CM shall be responsible for providing necessary consulting expertise to the Owner to ensure that the program scope is maximized and the construction budget and the project schedule are met.

5.0 SELECTION AND AWARD PROCESS

The DES is contracting for GC/CM services in accordance with the process authorized by RCW Chapter 39.10. All proposers must be registered by the Washington State Department of Labor and Industries in accordance with RCW 18.27.020. The process for selection of the GC/CM firm, negotiation of the MACC, award of the GC/CM Contract, and payment for Preconstruction Services is anticipated to be as follows:

• Anyone interested in becoming the GC/CM may submit a proposal in accordance with the requirements set forth in this Request for Proposals (RFP).

• On the basis of the evaluation criteria set forth in this RFP the firms submitting proposals will be scored and ranked. The most qualified firms (short-listed firms) will be asked to interview. Following the interviews, short-listed firms shall submit a Final Proposal providing a bid for GC/CM fee, and Specified General Conditions.

• Short-listed firms are encouraged to participate in an optional 1 to 2 hour meeting with DES prior to the required Phase Two Interview. The meetings will be scheduled at Shoreline College. Such meetings will provide an opportunity for each of the short-listed firms to meet with the Owner, DES project manager, and designers to help understand the project goals, ask questions, and to better familiarize themselves with the Owner’s goals and expectations.

• The Request for Final Proposal (Phase Two RFFP) will be evaluated and the scores added to the original proposal and interview scores. The short-listed firm with the highest score based on the selection committee’s evaluation of
the original proposal, the interview, and the score for the Final Proposal will be asked to submit a Preconstruction Work Plan. Subject to approval of the Preconstruction Work Plan by DES, the Contractor shall immediately execute and Contract for Preconstruction Services, which shall be solely for the performance and payment of Preconstruction Services.

It is anticipated that MACC negotiations will occur when the scope of the project is adequately defined and the contract documents are at least 90% complete as mutually determined by the GC/CM and the Owner, but no later than the conclusion of construction documents. At the time a MACC is successfully negotiated, the parties will sign the GC/CM contract.

- MACC negotiations will take place prior to execution of the GC/CM contract. MACC negotiations shall be completed within 30 days of the receipt of the GC/CM’s MACC estimate. The GC/CM’s MACC estimate shall be completed no later than three (3) weeks from receipt of the construction documents to be used for MACC negotiations. Should the GC/CM and DES not agree on a satisfactory MACC that the DES determines to be fair, reasonable, and within the available funds, the Owner may cancel the negotiations and begin to negotiate with the next highest ranked firm. Should DES choose to cancel the negotiations upon failure to achieve a MACC, such cancellation will be effective upon delivery of written notification to the GC/CM. The GC/CM shall not be reimbursed for the MACC negotiations.

6.0 INFORMATIONAL MEETING

An informational meeting will be held on Tuesday, May 29, 2018 at:
Facilities Office, Building 5000, Office 5105
5000 Building
Shoreline College
16101 Greenwood Avenue North
Shoreline, Washington 98133-5696
Interested firms are strongly encouraged to attend. After the meeting, a site tour will be available for those that want to attend.

7.0 PHASE ONE PROPOSAL DEADLINE

Proposal in response to this RFP containing the items listed in Sections 8 and 9 below must be received by DES no later than 3:00 p.m. local time on Monday, June 18, 2018. Submittals sent by mail or courier shall be sent to the address below and must be delivered by the deadline stated above. Faxed or emailed submittals will not be accepted.
Mail to:
Jason Francois
Facilities Office, Building 5000, Office 5105
5000 Building
Shoreline College
16101 Greenwood Avenue North
Shoreline, Washington 98133-5696
(Mailed – must have post mark time/date before deadline – mailed proposals will be hand stamped at arrival at Jason Francois’ office)

Hand Deliver or send by Courier to:
Jason Francois
Facilities Office, Building 5000, Office 5105
5000 Building
Shoreline College
16101 Greenwood Avenue North
Shoreline, Washington 98133-5696
(Hand delivered or courier – will be time stamped at college)

Any addenda issued for this RFP will be published at the following website address:

http://www.des.wa.gov/services/facilities/Construction/Consultants/Pages/EASCu
rrentProjects.aspx

Proposers are responsible for checking the DES website up to one week prior to submission of proposals for any addenda. If you are unable to download the addenda, you may contact the individual noted above.

8.0 PHASE ONE - PROPOSAL FORMAT

Every proposer must reply to each of the evaluation criteria set forth below in a clear and concise manner. Responses must be in the same order as listed, clearly separated with tabs and labeled by response. Brevity is preferred. Pay attention to specific requests for information. The submittals shall be organized in a manner that will enable the GC/CM Selection Committee to quickly access pertinent information. In consideration of the reviewer’s time, every effort should be made to avoid duplicating information presented in the proposal.
Only submittals conforming to the following specifications will be considered:

- Size: 8.5”x11”
- Cardstock front and back cover
- Submittals shall be comb, tape or spiral bound. No loose leaf submittals will be accepted
- Must not exceed 25 sheets, printed front and back (total of 50 pages)
- 11”x17” fold-outs are permitted, but limited to eight (8) maximum, and shall be included in the 25 sheet count
- Tabs without printing, other than index names, are not counted in the 25 sheet maximum
- Tabs with any printing, other than index names, shall be counted in the 25 sheet maximum
- One (1) Electronic copy shall be provided in PDF format on a USB Flash Drive or equivalent.
- Provide six (6) printed copies

Submittals should include pertinent data that will assist the selection committee in making its evaluation as set out in this RFP.

For further information, contact: Jon Taylor, DES Project Manager, by telephone at (360) 628-3524 or by email at jon.taylor@des.wa.gov.

8.1 Explanation to Prospective Proposers

Any prospective proposer desiring an explanation or interpretation of this RFP must make a request in writing to the DES Project Manager no later than seven (7) days before the Phase One submittal due date. Oral explanations or instructions given before the Phase One proposal due date will not be binding. Any information given to a prospective proposer concerning this RFP will be furnished promptly to all other proposers as an addendum to this RFP, if the information is necessary to submitting qualifications or if the lack of it would be prejudicial to other prospective proposers.

8.2 Acknowledgment of Addenda to Phase One Solicitation

Submittals shall include a cover letter briefly describing the proposer’s interest in the project and other pertinent information. In this letter prospective proposers shall acknowledge receipt of any addenda to this RFP by identifying the addenda numbers and dates. Failure to acknowledge addenda may result in the submittal being declared non-responsive.

8.3 Phase One Submission of Proposals
Proposals must be submitted before the Phase One RFP deadline.

Proposals shall be addressed to the office specified in section 7.0, and shall include:
- The project number and description.
- The name and address of the proposer.

The only acceptable evidence to establish the time of receipt at the office designated in the solicitation is the time/date stamped or hand printed by the Owner's representative on the proposal wrapper or other documentary evidence of receipt maintained by DES. Any modification of a proposal received after the times specified will not be considered.

A Phase One proposal will be considered responsive if it meets the following requirements:
- It is received at the proper time and place.
- It meets each of the stated requirements of the RFP.
- It is submitted by a licensed/registered contractor within the state of Washington at the time required and is not barred from bidding by the Department of Labor and Industries.

9.0 PHASE ONE - PROPOSAL EVALUATION CRITERIA: (100 points)

Each proposer must reply to each of the criterion in a clear and concise manner. The responses must be in the same order as listed below. Each evaluation criterion has been assigned points based on its relative value. The proposal criteria and their associated points are as follows:

<table>
<thead>
<tr>
<th>Criteria:</th>

</tbody>
</table>
9.1 **Bonding - (Phase One Requirement) (Pass/Fail)**
Proposers shall include a statement from their bonding agent indicating the commitment to bond this project shall be included if Proposer is selected. The statement shall include the bonding company name, agent’s name, address, telephone, fax, and email address. Failure to meet this bonding requirement is a cause for disqualification.

9.2 **Buy America Certificate - (Phase One Requirement) (Pass/Fail)**
Proposers shall completely fill out and submit the Buy America Certificate. Please see related documents in Article 14 for the Buy America requirements and the Certificate.

9.3 **Not used**

9.4 **Certification Regarding Lobbying - (Phase One Requirement) (Pass/Fail)**
Proposers shall completely fill out and submit the Certification Regarding Lobbying. Please see related documents in Article 14 for the Certification Regarding Lobby.

9.5 **Ability and Qualifications of Professional Personnel: (25 Points)**
Proposers shall clearly identify the project staffing that the proposer intends to utilize throughout the project, including all key project staff, their roles and responsibilities and the level of effort to be committed (full time vs. part time), and at what phases of the project they will be utilized.

Proposers shall provide an organizational chart and list of key personnel including their roles and responsibilities including both field and office staff for preconstruction and also for construction. Proposers shall include: resumes of all individuals listed on the project organization chart, including a description of the GC/CM experience of each person assigned to this project as well as the level of effort, as a percentage of time, to be committed and for which phases of the project (preconstruction, construction). At a minimum, the following individuals shall be included:

- Project executive in charge
- Project manager
- Superintendent
- At least one project engineer
- Individuals assigned to handle:
  - Estimating
  - Construction schedule
  - Quality control
Names and qualifications of any consultants and the services they will contribute to the GC/CM’s services are also required.

If selected, the proposer agrees that it will provide, for the duration of the project, the full complement of staff, including the specific persons identified in this proposal.

During the design process, the GC/CM firm shall provide, at a minimum, one dedicated professional project manager and/or higher level professional staff to attend all design meetings. The GC/CM’s preconstruction services during the design process shall cover all services and expenses provided as identified in the bid proposal. During the construction phase, the GC/CM shall provide full supervision to coordinate the job in the field, and provide for sufficient and appropriately skilled staff to implement a quality control program.

9.6 **Approach to Executing the Project / Preconstruction Services:**
(25 points)
Proposers shall describe how their firm will integrate project scheduling, quality assurance, interdisciplinary review, etc. into the project, and further describe their approach to working with the Owner, the A/E and project stakeholders, and explain how the GC/CM will promote a successful team atmosphere throughout the course of the project.

Proposers shall describe the major challenges to successful completion and how their firm proposes to approach them. Proposers also shall describe any expectations their firm may have for the Owner, including but not limited to, the extent of on-site architectural and/or engineering representatives during major construction or installation phases.

Proposers also shall describe their philosophy and approach to Preconstruction Services and specifically address the following Preconstruction responsibilities:

- Cost tracking, cost-estimating and reconciliation with second parties.
- Providing Design and MACC Negotiated Support Services budgeting.
- Providing Design and Construction Document coordination comments and verifying their implementation.
- Investigation of existing conditions to verify the construction documents will reflect the actual site conditions.
- Scheduling, making recommendations for change and advising long-lead procurement packages to ensure the project schedule is maintained.
- Assessing and recommending site logistics requirements.
- Subcontract plan preparation and procurement planning.
- Provide two (2) or more examples of projects that demonstrate the range of Preconstruction Services your firm has provided on previous
GC/CM projects, or private sector projects with a guaranteed maximum price.

9.7 **Past Performance in Negotiated and Complex Projects:** (20 points)
Proposers shall provide a list of negotiated private and public works projects, with a description of the project and the construction cost similar to this project in complexity, including the use of multiple phases, multi-story type construction, and working on a fully operational high traffic facility. Private and public works projects should be identified. Include the following information:

- Description of the project, including gross square feet
- Public work or private
- Scope of firm's work on the project, including percent self-performed
- Location
- Owner, contact person, telephone number, and email address
- Final construction cost
- Total number and dollar amount of all claims against the Owner
- Total number and total dollar amount of all claims against the Owner adjudicated by a dispute resolution board, arbitration, or litigation
- Experience in dealing with craft labor relations

9.8 **Project Scheduling & Cost Control:** (5 Points)
Proposers shall describe how their firm will monitor and ensure the Owner's program scope is realized and the Owner's construction budget and project schedule are met at every phase of the Design and Construction Documents development and during construction. In addition, Proposers shall describe the estimating and scheduling systems and management techniques their firm employs to achieve success in the aforementioned items.

Proposers also shall provide the following information for each of the projects listed in response to Section 9.8 above:

- As-planned schedule vs. as-built schedule (Notice to Proceed to Substantial Completion)
- Owner’s original estimate
- Original total contract cost
- Total dollar amount of change orders

9.9 **Risk Identification and Analysis:** (5 points)
Proposers shall provide a Project Risk Assessment plan, identifying potential project risks beyond the control of the GC/CM and strategies to mitigate these risks.
9.10 **Value Engineering and Constructability Analysis:** (5 points)

Proposers shall describe their philosophy, experience, and methodology in value engineering and constructability analysis, describing the key project individuals’ experience in each of these areas. Proposers shall provide examples of both value engineering reports and constructability analyses developed and utilized on prior projects and the results obtained. A description of the GC/CM’s approach to working with the Owner and the A/E should be included. Include a statement on how proposer will determine and assess constructability issues and provide assistance identifying safe work practices and requirements for construction. For value analysis, identify experience and approach in assessing alternative construction options, products, and engineering systems for cost savings and life cycle cost design considerations.
9.11 Recent, current and projected workload of the Firm/Self Performance: (5 points)
Proposers shall provide a brief description of their firm’s history, size, location of home and regional offices, and their capabilities to perform the requirements of this contract, including: annual volume, financial position, and bonding capacity.

Proposers shall summarize recent, current, and projected firm workloads. Such summary shall include the firm’s annual volume (in dollars) of construction for the past five years and the anticipated volume for the current year and the firm’s plan for the next two years including how the firm’s participation in this project would affect that plan. Proposers also shall identify the scope of work the firm proposes to self-perform and its ability to perform it.

9.12 Proximity to the Project Location: (5 points)
Proposers shall identify the location of the office responsible for this project and describe their firm’s familiarity with the local labor and subcontracting market, and capability of working with subcontractors to generate viable pricing alternatives.

10.0 PHASE TWO - NOTIFICATIONS & REFERENCE CHECKS

Phase Two only applies to short-listed firms and consists of an interview and a Final Proposal as described in the following sections.

The highest-ranked firms in Phase One will be notified that they have been selected to move on to Phase Two of the selection process. The Firms selected to advance to Phase Two shall provide no less than five (5) and no more than ten (10) references on the DES provided Performance Evaluation Questionnaire. The selection committee reserves the right to make reference checks beyond those provided by the short-listed firms.
Request for Proposal for GC/CM Services  
Shoreline College - Health Sciences Advanced Manufacturing Classroom Complex  
Department of Enterprise Services  
Project Number 2018-102

11.0 PHASE TWO - INTERVIEW: (70 points)
After scoring proposals, the selection committee will select a short-list of the most highly qualified firms to interview.

Should your firm be invited to interview, questions will be directed solely to the proposed project team. At a minimum, the project executive dedicated to the project, the project manager, the superintendent, at least one project engineer, estimator, and other key individuals responsible for Preconstruction Services shall attend the interview. In addition to presenting their qualifications, experience, and approach to the project the project team will be expected to respond to questions from the selection committee regarding the proposal as well as additional questions that might have been posed in the notification letter to your firm.

The selection committee will evaluate oral interviews, with feedback from reference checks, with emphasis on the following items as they relate to this project.

- Ability and qualification of professional personnel 25 points
- Risk analysis, mitigation and management 10 points
- Value engineering, constructability/interdisciplinary review and approach to executing the project. 10 points
- Time and budget requirements; schedule management 10 points
- Past performance on similar complex or negotiated contracts 10 points
- Diverse Business Inclusion Plan 5 points
- Accident Prevention Program (Mandatory Requirement)

Diverse Business Inclusion Plan (5 points)
Intercity Transit’s overall Disadvantaged Business Enterprise (DBE) goal is 4.95%. Each Finalist team shall present its project Disadvantage Business Inclusion Plan during its interview. See Section 14.0 for Plan requirements.

Accident Prevention Program Mandatory Requirement
A copy of an accident prevention plan and safety program shall be provided that is similar to that to be developed for this project, identifying specific criteria applicable to this project. Program can be submitted on a USB flash drive or equivalent format.
12.0 **FINAL PROPOSALS:** (30 points)

The firms that the selection committee believes to be the most highly qualified based upon their proposal and interview scores will be requested to submit a Final Proposal for GC/CM Percent Fee and Specified General Conditions Work. Final proposals will be computed as follows:

\[(\text{Lowest Conforming Proposal} / \text{Proposal being evaluated}) \times 30\]

Firms asked to submit Final Proposals shall submit two (2) bid numbers on a Final Proposal form to be provided. The first number shall be the GC/CM Percent Fee, and the second shall be for the Specified General Conditions Work. The terms GC/CM Percent Fee and Specified General Conditions work will be specifically defined in the Request for Final Proposal (RFFP).

12.1 State your Percent Fee as a percentage and multiply it by the estimated “MACC” indicated in the RFFP document to determine a single lump sum number for the dollar amount of the Percent Fee. The dollar amount of the Percent Fee will be added to the lump sum dollar amount for the detailed Pre-Construction Services, and the lump sum dollar amount for the detailed Specified General Conditions work to determine a single number for the total bid.

12.2 In completing the Final Proposal form, the proposer must enter a number for both the Percent Fee and the detailed Specified General Conditions work. No other entries, modifications, or qualifications shall be made to the bid. Failure to comply in full with these requirements shall be grounds for a bid being declared non-responsive. The Owner reserves the right to reject any or all bids, and to waive informalities or non-material irregularities in the bids received.

12.3 The name, address, and contractor's registration number shall be typed or printed on the Final Proposal form in the space provided.

12.4 Bids must be (1) submitted on the forms furnished by DES or on copies of those forms, and (2) manually signed in blue ink.

12.5 Proposers shall submit bid amounts in the format provided in the Final Proposal form. Only the amounts and information asked for in the Final Proposal form furnished will be considered as the bid. All blank spaces must be filled in.

12.6 Clearly identify the project name on the outside of the bid envelope.
13.0 **FINAL SELECTION**

The firm with the highest total score (Total Possible: 200 points) resulting from the selection committee’s scoring of the Proposal, the Interview, and the results of the Final Proposal will be selected to provide Preconstruction Services and for MACC negotiations. In the event of a tie in total score, the firm with the lowest conforming Final Proposal (bid) will be selected.

14.0 **DIVERSE BUSINESS INCLUSION PLAN**

GCCC - Diverse Business Inclusion Plan and Participation

1. In accordance with the legislative findings and policies set forth in Chapter 39.19 RCW, the State of Washington encourages participation in all of its contracts by firms certified by the Office of Minority and Women’s Business Enterprises (“OMWBE”), and set forth in RCW 43.60A.200 for firms certified by the Washington State Department of Veterans Affairs, and set forth in RCW 39.26.005 for firms that are Washington Small Businesses. Participation may be either on a direct basis or on a Subcontractor basis. However, no preference is included in the evaluation of GC/CM Finalists’ Diverse Business Inclusion Plans submitted at the time of interviews, and no minimum level of MWBE, Washington Small Business, or Washington State certified Veteran Business participation is required as a condition for receiving an award of the GC/CM Contract. Any affirmative action requirements set forth in any federal Governmental Rules included or referenced in the Contract Documents will apply.

2. If a GC/CM Finalist wishes to be considered a diverse business, then the GC/CM Finalist shall submit evidence of certification by the OMWBE, the Washington State Department of Veterans Affairs, or by self-certification as a Washington Small Business in the Washington Electronic Business Solution (“WEBS”). Firms must be certified at the time of interview to qualify for consideration. Interested firms may contact OMWBE at [http://www.omwbe.wa.gov](http://www.omwbe.wa.gov) or (360) 664-9750 or toll free (866) 208-1064, or DVA at [http://www.dva.wa.gov/program/certified-veteran-and-servicemember-owned-businesses](http://www.dva.wa.gov/program/certified-veteran-and-servicemember-owned-businesses) or (800) 562-0132 option ‘1’, or for Washington Small Business self-certification visit WEBS at; [http://www.des.wa.gov/services/ContractingPurchasing/Business/Pages/WEBSRegistration.aspx](http://www.des.wa.gov/services/ContractingPurchasing/Business/Pages/WEBSRegistration.aspx) or contact WEBS Customer Service at WEBSCustomerService@des.wa.gov or call (360) 902-7400.

3. The agency goals are: 10% Minority Owned Business certified by the OMWBE, 6%, Women Owned Business certified by the OMWBE, 5% Veteran Owned Business certified by the Washington State Department of Veterans Affairs. 5% Washington Small Businesses self-identified in the WEBS; [http://www.des.wa.gov/services/ContractingPurchasing/Business/Pages/WEBSRegistration.aspx](http://www.des.wa.gov/services/ContractingPurchasing/Business/Pages/WEBSRegistration.aspx) (WEBS). These goals are voluntary. GC/CM Finalists shall pursue targeted outreach to Diverse Businesses. Further, the selected GC/CM
shall advertise opportunities for Subcontractors in a manner reasonably designed to provide Diverse Businesses capable of performing the work with timely notice of such opportunities, and all advertisements shall include a provision encouraging participation by Diverse Businesses. Advertising may be done through general advertisements (e.g. newspapers, journals, etc.) or by soliciting bids directly from Diverse Businesses. The GC/CM shall provide Diverse Businesses that express interest with adequate and timely information about plans, specifications, and requirements of the Project.

4. The GC/CM shall not create barriers to open and fair opportunities for all businesses, including Diverse Businesses, to participate in on this Project and to obtain or compete for contracts and subcontracts as sources of supplies, equipment, construction and services. In considering offers from and doing business with subcontractors and suppliers, the GC/CM shall not discriminate on the basis of race, color, creed, religion, sex, age, nationality, marital status, or the presence of any mental or physical disability in an otherwise qualified disabled person.

5. Diverse Business Inclusion Plan

To be considered responsive, the GC/CM Finalists must submit the Diverse Business Inclusion Plan Supplement, as part of their interview that will be incorporated into their contract, if awarded. The responses should reflect good faith efforts for diverse business inclusion. Zero contribution in the inclusion plan is not considered a good faith effort. A range of 1% to 3% contribution to the agency goal would be a low result for the expected good faith effort, a 4% to 6% contribution to the agency goal would be a better result for the expected good faith effort, and a 7% to 10 % or greater contribution to the agency goal would be a best result for the expected good faith effort. The Diverse Business definition – includes Washington small business, microbusiness, and minibusiness as defined in RCW 39.26.010, and Veteran-owned businesses as defined in RCW 43.60A.010. If the proposed subcontractors are self-identified diverse businesses, the GC/CM will encourage and support state efforts for their certification with the appropriate Washington state agencies.

The GC/CM Finalists must include an anticipated list of diverse subcontractors or suppliers who may provide services or otherwise assist the GC/CM in fulfilling its obligations for the project. The GC/CM Finalists must provide the following information regarding their plans for including diverse team members.

Identify any subcontractors who are certified by the OMWBE or the Washington State Department of Veterans Affairs (DVA).

In accordance with Chapter 39.19 RCW, the state of Washington encourages participation in all of its contracts by OMWBE certified firms.
In accordance with RCW 43.60A.200, the state of Washington encourages participation in all of its contracts from firms certified by DVA certified firms.

In accordance with RCW 39.26.005, the state of Washington encourages participation in all of its contracts from Washington small businesses.

**The agency goals are:**
- 10% Minority Owned Business certified by the Washington State Office of Minority and Women Business Enterprises
- 6%, Women Owned Business certified by the Washington State Office of Minority and Women Business Enterprises
- 5% Veteran Owned Business certified by the Washington State Department of Veterans Affairs

These goals are voluntary. No preference will be included in the evaluation of bids, no minimum level of MWBE or Veteran Owned or Washington Small Business participation will be required as a condition for receiving an award and proposals will not be rejected or considered non-responsive on that basis.

For information on certified firms, GC/CM Finalists may contact:

- Washington self-identified Small Businesses are located in the Washington Electronic Business Solution (WEBS) at [http://www.des.wa.gov/services/ContractingPurchasing/Business/Pages/WEBSSRegistration.aspx](http://www.des.wa.gov/services/ContractingPurchasing/Business/Pages/WEBSSRegistration.aspx)
Please complete this [Diverse Business Inclusion Plan Supplement](#) for submittal at time of interview.

**Total Amount Not Yet Committed to a Sub/Supplier:** $

The GC/CM Finalist commits to a good faith effort to achieve the proposed subcontract amounts with diverse business subcontractors by at least hosting 3 supplier outreach events for businesses registered with the state of Washington in the Washington State Electronic Business Solution, WEBS; including those registered as state certified minority businesses, women businesses, veteran businesses, and businesses self-certified as Washington Small Businesses in WEBS. The state will assist in coordinating event invitations to these businesses.

**Subcontracting**
Subcontracting means direct performance of commercially useful work through subcontracting as part of the proposed project team.
DIVERSE Expert
Identify the person within your team to manage your DIVERSE inclusion responsibility.

DIVERSE Expert Name: __________________________________________

DIVERSE Expert Firm: ___________________________________________

DIVERSE Expert Contact Information: _______________________________

DIVERSE Expert responsibilities would typically include, but are not limited to:

- Outreach to qualified DIVERSE firms.
- Submit and discuss updates on a regular basis to the state project manager, to indicate DIVERSE utilization and discuss progress.
- Ongoing outreach to DIVERSE firms for work the contract may require, including any new scopes.
- Assist DIVERSE firms to perform successfully.

A qualified DIVERSE Expert brings knowledge of the identity, capabilities and capacities of DIVERSE subcontractors and suppliers; experience recruiting and working with DIVERSE firms for construction; and assisting DIVERSE firms to develop working relationships with contracts.

Strategies
Describe the strategies and selection processes you intend to use to achieve meaningful DIVERSE utilization in the contract. Describe your strategies, the scopes of work that have greatest DIVERSE opportunities and how you would balance those scopes that have less DIVERSE opportunity.

Mentoring Program
If any of the DIVERSE subcontractors listed above are participating in a mentoring or capacity building program with your company, please identify which and describe your program.

The Department of Enterprise Services will review the submitted inclusion plan for good faith effort and the maximum opportunity to contribute toward the Department of Enterprise Services goals.
15.0 **CONTRACTOR RESPONSIBILITY CRITERIA**

**Mandatory Responsibility Criteria:** Proposers must comply with RCW 39.04.05.350 (1), which provides that:

1. Before award of a public works contract, a bidder must meet the following responsibility criteria to be considered a responsible bidder and qualified to be awarded a public works project. The bidder must:
   a) At the time of bid submittal, have a certificate of registration in compliance with chapter 18.27 RCW;
   b) Have a current state unified business identifier number;
   c) If applicable, have industrial insurance coverage for the bidder’s employees working in Washington as required in Title 51 RCW; an Employment Security Department number as required in Title 50 RCW; and a state excise tax registration number as required in Title 82 RCW;
   d) Not be disqualified from bidding on any public works contract under RCW 39.06.010 or 39.12.065(3); and
   e) If bidding on a public works project subject to the apprenticeship utilization requirements in RCW 39.04.320, not have been found out of compliance by the Washington State Apprenticeship and Training Council for working apprentices out of ratio, without appropriate supervision, or outside their approved work processes as outlined in their standards of apprenticeship under chapter 49.04 RCW for the one-year period immediately preceding the date of the bid solicitation.
   f) Within the three year period immediately preceding the date of the bid solicitation, not have been determined by a final and binding citation and notice of assessment issued by the Department of Labor and Industries or through a civil judgement entered by a court of limited or general jurisdiction to have willfully violated, as defined in RCW 49.48.082, any provision of RCW 49.46, 49.48, or 49.52. A bidder shall submit a signed Contractor Certification form with the bid form regarding this wage theft prevention responsible bidder criteria.
