Firm(s) Selected and Announced	September 20, 2021
Agreement(s) Executed	October 16, 2021

Please read the Request for Qualifications thoroughly for all requirements and expectations

II.   <u>**Campuses/Potential Scope of Work**</u>

- The Library Culinary Arts Building will replace the existing Norwood Cole Library and integrate a portion of Culinary Arts in the building to create a new hub of campus learning and community at the east "Front Door" to campus.
- The scope of work for this project may also include predesign for repurposing spaces currently housed by our culinary program in the Knutzen Cardinal Center, and may also include planning and cost estimating for the demolition of the Administrative Annex building.
- SVC proposes to replace the 26,730-gsf of the existing 54-year old Norwood Cole Library and to add 16,470-gsf of program space creating a new 43,200-gsf two-story building at the east campus entrance as envisioned in the Campus Master Plan.

III.   <u>**Questions and Answers:**</u>

- *Note that Informational Meeting notes and sign-in sheet will be included in an addendum. Questions asked in the Informational Meeting do not change the RFQ. All changes resulting from questions asked during Informational Meeting will be issued in addendums.*
