

WASHINGTON STATE CAPITOL CAMPUS PARKING RATES FEE SCHEDULE

Parker Responsibility

Permits are required for employees and visitors parking on the Capitol Campus.

Employee Visitors

You may obtain a daily pass, and/or a monthly pass by visiting The DES Office of Parking Services in person. Employees whose duty station is not on the Campus must either have authorization to use an agency reserved stall (authorization can be obtained from your agency), display a parking hanger for a stall where a hanger permit is accepted, or purchase a daily pass at the pay station in the parking lot where you are parking.

General Public Visitors.

You must purchase a daily meter pass at the pay station covering the hours you are parking in a Campus Visitor Parking Lot and display the pass in your vehicle window.

Parking Permits

Any individual who parks a vehicle on the Washington State Capitol Campus must either be a registered parker, have a valid permit, or pay a meter. All regular and special parking permits are issued by the DES Office of Parking Services upon verification of eligibility.

Purchasing a parking permit does not guarantee a parking space. Parking for permit holders are issued on a first come first served basis. Possession of a permit allows for parking on campus in a designated area, but does not guarantee that a space will be available. The type of permit you are eligible to purchase is determined by your designated work location. Parkers may have more than one vehicle registered and stickered, however, only one vehicle linked to a parker can park on campus at any given time.

Your parking permit dollars pay for parking maintenance and operations. By state statute, parking is required to be self-funded; meaning parking must generate revenue to pay for the costs of parking on campus including parking lot and garage maintenance. Parking does not receive citation or general revenue to run the program.

Fee Schedule

Below is a list of permit types available at the Washington State Capitol Campus along with a brief description, and any associated fees and taxes. Rates are effective from July 1, 2017, and are evaluated annually by the Department of Enterprise Services.
