

Private Sector Panelist Information for Consultant Selection

Name	Firm
Title	Architect or Engineering Discipline; WA State License Number
Address	Telephone
City/State/Zip	E-mail

Requirements: Must be a State of Washington licensed professional; and must be committed to completing the entire selection process.

In the three criteria below, please check the counties you're willing to travel to, to participate in; your specific discipline(s); and the types of projects you have experience/and or specialize in. This information will be used to match your knowledge/experience to like projects we are seeking a private sector panelist for. Your interest in this process is appreciated and we look forward to the opportunity to share this experience with you. Note: The codes used for this purpose are the same codes that consultant firms identify when they sign up for the A/E Reference File.

Most often consultant selections are conducted in Olympia. Frequently some are conducted at facility locations (Spokane, Yakima, Bellevue, Vancouver, etc.). Please check the counties in which you would be able to participate in:

Geographic Location

| <input type="checkbox"/> A034 Energy Infrastructure | | |

Resumes and additional information sheets outlining specific project details to assist in matching a panelist with a specific project can be attached, although are not necessary. Please note that the criteria selected within this document are what the initial selection will be based on. The additional information submitted will be used to identify persons meeting specialty/expertise criteria.

Please return completed form to:
