

BREMERTON SCHOOL DISTRICT – DESIGN-BUILD PROJECT **– *WEST SOUND TECHNICAL SKILLS CENTER IMPROVEMENTS***

1. Will the firm(s) responsible for the Pre-Design be eligible for the DB pursuit?

Yes, participation in the pre-design does not create an unfair advantage for any firm.

2. Will the procurement process seek services for both the Designer and Builder? What about subconsultants?

Proposers will be asked to provide qualifications of the Architect and Builder as part of their response to the RFQ. The Management Plan will ask shortlisted firms to describe their proposed approach to publicly selecting both subconsultants and subcontractors if selected to perform the work.
