

STATE OF WASHINGTON
Capital Projects Advisory Review Board

April 5, 2016

Joe Kline, Assistant VP
Facilities Services
Washington State University
PO Box 643611
Pullman, WA 99164-3611

Re: Public Body GC/CM Certification Determination

Dear Mr. Kline:

The Capital Projects Advisory Review Board's Project Review Committee has determined that **Washington State University** has met the criteria established in RCW 39.10 for public body GC/CM recertification. As of March 24, 2016 Washington State University is again authorized to utilize GC/CM contracting procedures.

Washington State University's certification will extend through March 2019. A re-certification application will need to be submitted to the Project Review Committee at least three months prior to the above noted expiration date.

Under the terms of the law you will be required to submit project data to CPARB during any GC/CM project undertaken with this certification. Please identify your point of contact for supplying required project data information to CPARB staff person, Danelle Bessett, at Danelle.bessett@des.wa.gov

Congratulations on the approval of your application.

Please contact Bill Frare at (360) 407-8239 if you have any questions regarding this process.

Sincerely,

A handwritten signature in blue ink that reads "Curt Gimmestad".

Curt Gimmestad, Chair
Project Review Committee
